Installation Benefits

- *Color-Coded Connecting Blocks on the Rear of USOC Panels Provide Quick Circuit Recognition*

- *High Density Telco Configuration for Quick and Easy Distribution*

ICMPP012U4

USOC Patch Panel Vertical

Durable high density patch panel with color coded 110 connecting block.

PART NUMBER	DESCRIPTION
ICMPP012U4	**12-Port, 6-Position 4-Conductor**
ICMPP012U6	**12-Port, 6-Position 6-Conductor**

ICMPP024U4

USOC Patch Panel

Durable high density patch panel with color coded 110 connecting block. Includes #12 rack screws.

PART NUMBER	DESCRIPTION
ICMPP024U4	**24-Port, 6 Position 4 Conductor, 1 RMS**
ICMPP024U6	**24-Port, 6 Position 6 Conductor, 1 RMS**

ICMPP048U4

USOC Patch Panel

Durable high density patch panel with color coded 110 connecting block. Includes #12 rack screws.

PART NUMBER	DESCRIPTION
ICMPP048U4	**48-Port, 6 Position 4 Conductor, 2 RMS**
ICMPP048U6	**48-Port, 6 Position 6 Conductor, 2 RMS**

ICMPP096U4

USOC Patch Panel

Durable high density patch panel with color coded 110 connecting block. Includes #12 rack screws.

PART NUMBER	DESCRIPTION
ICMPP096U4	**96-Port, 6 Position 4 Conductor, 4 RMS**
ICMPP096U6	**96-Port, 6 Position 6 Conductor, 4 RMS**
