

Infin-e-Station™ Face Plates (Rear-loading)

All IFP plates supplied with clear and color-matched label fields

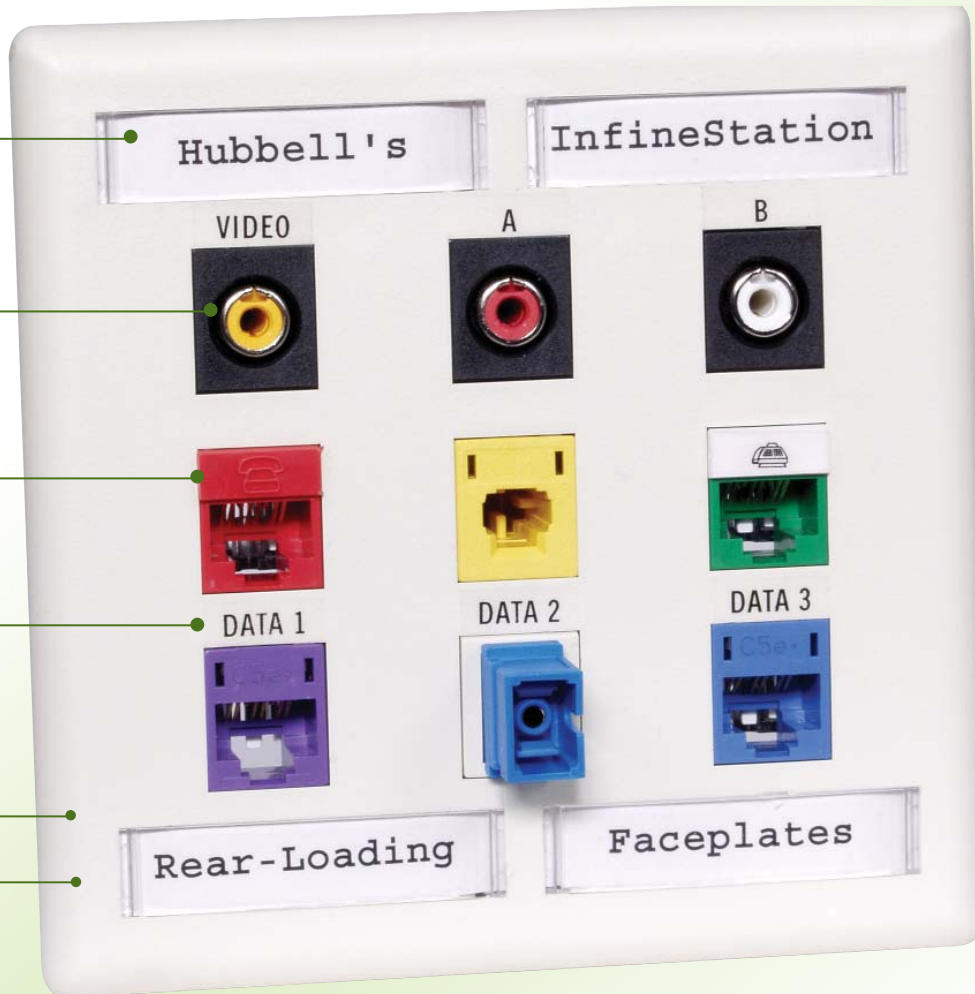

Keystone flush mounting

All ports vertically oriented

Rear load, snap in installation

Phillips/slotted screws provided

Aesthetic profile

Infin-e-Station™ plates provide a sleek, contemporary look at the work area.

These plates offer security at the work area through rear loading and ANSI/TIA/EIA-606-A station labeling capability. Two labeling options are included: paper labels with clear covers, and color matched covers for use with adhesive labels.

Our AFP series plates are designed with 45° angle mounting, which provides a protected installation profile when patch cords are installed.

SSF plate series provides flush mounting for all jacks and Snap Fit (SF) connectors in stainless steel for special applications such as hospitals, education systems, manufacturing plants, etc.

▶ FEATURES

- Flush mounting with box eliminators
- IFP modular plate labeling options:
 - Paper labels with clear covers
 - Color matched covers
- Black IFP plates are an excellent choice for use with new modular furniture plates
- ANSI/TIA/EIA-606-A station labeling capability
