

Infin-e-Station™ Frames and Plates

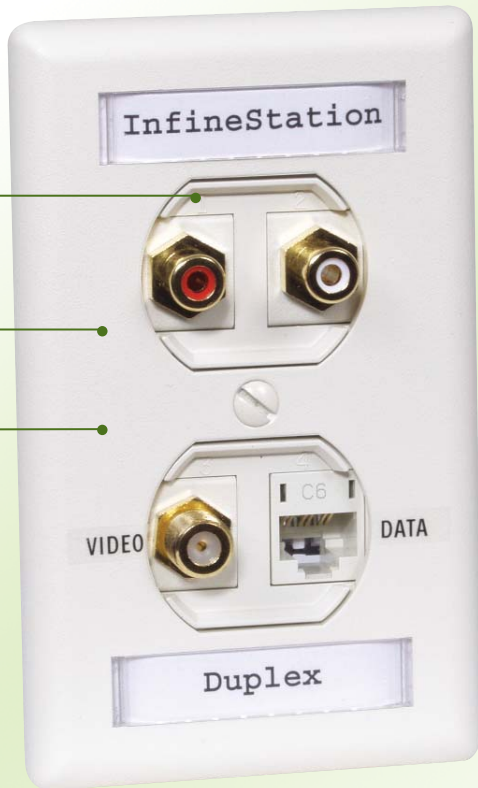

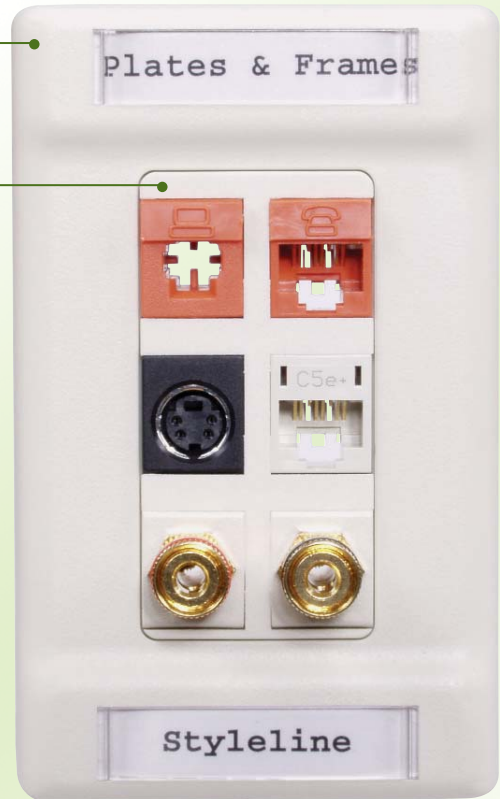

The ISF, StyleLine® 106 and duplex outlet frames provide instant communication mounting capabilities within a rectangular (GFCI) or duplex electrical design. These frames deliver 2 to 6 port configurations, lending flexibility and increased capacity to the work area. Infin-e-Station™ frames give a contemporary finish to any style application and can accommodate a broad range of retrofit applications

Compatible with our Infin-e-Station™ cover plates, the frame's aesthetic appearance provides a consistent match next to any Infin-e-Station™ plate, module or surface mount box.

All frames are unloaded with the exception of the SL5E4 frames, which are pre-loaded with a 4-port Cat 5e jack adapter.

Aesthetic profile provides a consistent match next to any Infin-e-Station plate, module or surface mount box

ISF Styleline fit industry standard rectangular (GFCI) style openings

106 frames fit industry standard duplex style openings

Tamper-resistant, rear Keystone mounting

IFP126OW and IFP108OW are the only plates in the industry that are UL listed for power and low voltage with label fields

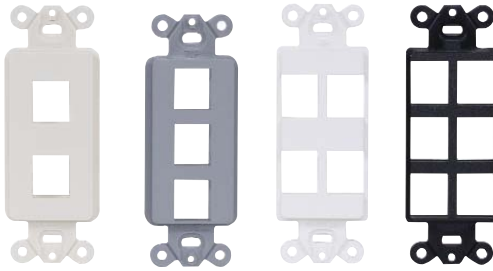

► SPECIFICATIONS

- ◆ Plate: 94 V-0 rated material
- ◆ High-impact polymer construction
- ◆ IFP126OW and IFP18OW rated UL power and low voltage data
