

HUBBELL

Hubbell Premise Wiring

One-Wrap® Cable Ties and Velcro®-Style Fasteners

Hubbell Premise Wiring offers high-quality, reusable cable ties to neatly route and manage anywhere in the Hubbell NEXTFRAME™ cable management system. Three styles of reusable ties are available: Basic, Screw-mount, and ONE-WRAP®.

The Basic style consists of 1-inch wide hook strap and a loop strap fused together. Use to gather cable bundles up to 2 1/2" diameter.

The Screw-mount style consists of 3/4" wide hook strap and loop strap fused together with a buckle at one end. The buckle end of the strap also has a through hole reinforced with a steel grommet. Use this strap to organize cable bundles along the 19" mounting rails in cabinets and racks.

The ONE-WRAP® cable tie is a unique 1/2" wide back to back fastening system that wraps around cable and back on itself.

All Hubbell Premise Wiring cable ties are reusable, simplifying moves, adds and changes. A broad range of colors are available to facilitate color-coding or contrast for easy identification.

FEATURES

- Reusable cable ties ideal for rapidly changing data centers
- Dependable cable ties secure and organize bundles of cables
- Available in a broad range of colors for network color-coding and easy identification
- Custom printing available on ONE-WRAP® brand straps

ONE-WRAP® and Velcro® are registered trademarks of Velcro USA, Inc.

* 10' Roll of 1" wide, black continuous lineal tape.

Dimensions

CUSTOM PRINTING - ONE-WRAP® Brand Straps

Custom printing will not impact the performance or engagement area of the fastener, and is a unique way to get your message into the hands of your customers.

Custom printing is available on:

- Die-cut perforated straps

Print Color Considerations

1. One color per impression (see table above).
2. The maximum print area per impression is 0.375" wide by 2.5" long.
4. The minimum print font size is 18 point bold (0.18" height).

Consult factory for minimum requirements for custom printing.
