

M1000 & M1500

Cut the Cord™

Bluetooth™ wireless headsets from Plantronics® bring freedom to your mobile life.

The Plantronics M1000 Cordless Headset and Plantronics M1500 Cordless Headset Solution with Bluetooth wireless technology bring cordless freedom to your mobile life.

We applied over 40 years of headset engineering experience to design the ultimate cordless headset. If you rely heavily on your cellular phone or cellular phone headset, the M1000 or the M1500 are the most versatile and affordable Bluetooth solutions available.

The M1000 is designed to work seamlessly with Bluetooth cellular phones. The M1500 is the reliable Bluetooth solution for existing cellular phones simply by attaching the M1500's Bluetooth adapter to your cellular phone. Both products provide superior sound, superb comfort, and stability in a cordless headset weighing less than an ounce.

And if you upgrade your existing cellular phone to a model that supports the Bluetooth headset profile, you can take your M1500 with you—the headset, by itself, will work effortlessly with your new phone. Cut the cord and enjoy wireless freedom. Bluetooth. Made easy by Plantronics.

Features and Benefits

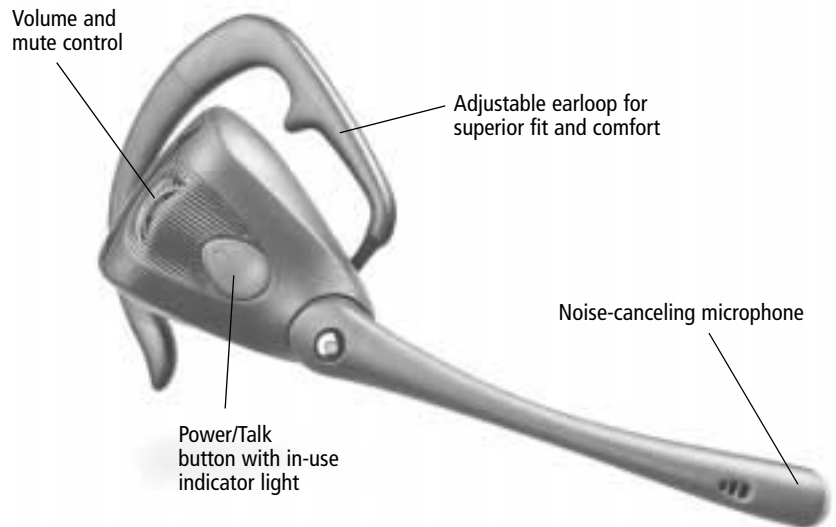

M1000 and M1500

- **Cut the cord:** The M1000 works with Bluetooth cellular headsets supporting the Bluetooth headset profile v1.1 and the M1500 works with existing cellular phones.
- **Digital clarity with up to a 30-foot range:** Bluetooth technology allows the M1000 and M1500 to be up to 30 feet away from the cellular phone or Bluetooth adapter and still provide clear sound.
- **Extended Talk Time:** High-capacity rechargeable batteries provide up to 2.5 hours of talk time and 60 hours of standby. The M1000 and M1500 can be recharged in just one hour and can be used while charging.
- **Easy Control Access:** Simple and intuitive controls on the headset allow the user to raise or lower the headset volume or mute their conversation.
- **Superior Sound:** Adjustable noise-canceling microphone in the M1000 and M1500 eliminates background noise and delivers clear and reliable transmission, vital for voice-enabled applications.
- **Lightweight Comfort:** Weighing less than an ounce, the M1000 and M1500 feature a flexible earloop to ensure a snug, comfortable fit.

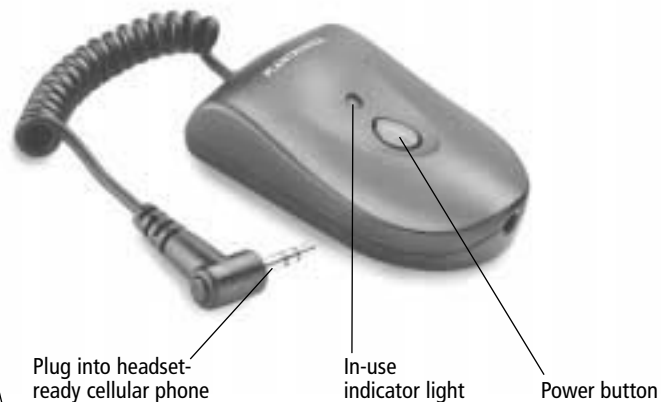

M1500

- **Easy and Secure Attachment:** Attach the Bluetooth cellular phone adapter to the back of your existing cellular phone or wear it on your belt with the enclosed belt pouch.
- **Future Proof:** The M1500 headset will also work with Bluetooth cellular phones supporting the Bluetooth v 1.1 headset profile.
- **Compatible:** Support for most headset ready cellular phones including Motorola®, Samsung®, Audiovox®, Kyocera®, and Nokia®.

M1000 and M1500 Cordless Headset

M1500 Bluetooth Cellular Phone Adapter

What is Bluetooth?

Bluetooth™ wireless technology is set to revolutionize the personal connectivity market by providing freedom from wired connections. Bluetooth is a specification for a small-form factor, low-cost radio solution providing wireless connectivity between computers, mobile phones, Personal Data Assistants, other portable handheld devices, and access to the Internet.

Plantronics and Bluetooth

Plantronics was one of the earliest members of the Bluetooth consortium (number 20), and was the first headset company to join the Bluetooth initiative, which now includes over 2100 companies. Plantronics is an Associate Member of the Bluetooth Special Interest Group (SIG).
