

# SP-5N

## Flush Mount Ceiling Speaker

**DESCRIPTION:**

The SP-5N is a ceiling speaker used for paging and background music. It is equipped with a 70V transformer with five wattage taps up to 4W. The speaker is mounted to a round steel baffle, finished with a white powder-coated epoxy. An optional ceiling support bridge is available for installations in drop tile ceilings.

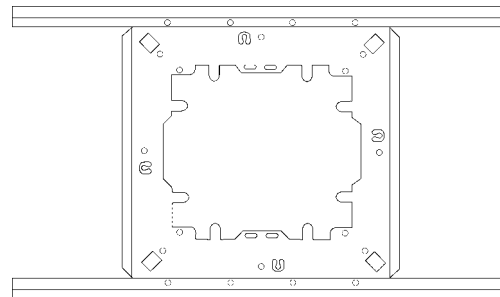

Designed for indoor use only.

**FEATURES:**

- 8" dual cone speaker, 8 ohms
- 70V transformer
- Five wattage taps from 1/4W to 4W
- Round white steel baffle
- Excellent sound reproduction for music and paging
