

SSP-571 TELEPHONES

Stainless Steel, Vandal Resistant, Rugged Telephones Built to Last

The CEECO SSP-571 Series speakerphones offer dependable emergency and courtesy communication. The vandal resistant stainless steel speakerphones are designed with a weatherproof and puncture resistant speaker, and an industrial grade electronic ringer and push button. The phones operate with a start/stop push button for initiation and termination of calls and are available with autodial or ring-down operation. The handsfree operation eliminates out of service complaints and costly repairs due to missing handsets. Automatic disconnect circuits ensure that the telephone will not be left in the “off-hook” position. The telephone can allow/ disallow incoming calls and time out calls if desired. The ADA feature provides a LED that changes color to give the caller a visual indication of the call progress and is equipped with a Braille Emergency plate and red push button. Optional voice announcement, remote programming, and auto answer features are available. The telephone is constructed of 16 gauge brushed stainless steel and are mounted with tamper resistant security screws. Phones come with mounting brackets and optional mounting box and frame are available in black or red. Our stainless steel panel telephones offer communication you can rely on and are built to last.

WARRANTY POLICY

GENERAL

CEEEO guarantees its products to be free from defects in material and workmanship for a period of 365 days from the date of original purchase. CEEEO's obligation under this warranty is limited to repair or replacement of any part found to be defective by CEEEO.

UNDER NO CIRCUMSTANCES shall CEEEO be liable for loss, damage, cost of repair or consequential damages of any kind, which have been caused by neglect, abuse or improper operation of equipment.

CEEEO will repair or replace any unit during this period if found to be defective for reasons other than abuse and improper use or improper installation. It is the buyer's responsibility to return the defective unit to the factory. CEEEO will then repair or replace any defective parts and return them to the buyer free of charge. CEEEO will continue to offer repair service for the life of the product.

REPAIR POLICY

WARRANTY REPAIR

Any device returned requiring warranty service, repair or credit must be accompanied with a "Return Material Authorization" (RMA) Form. It must include: RMA Number, return shipping instructions, original purchase order number, serial number and special marking instructions. A tag with the trouble observed must be attached to the defective unit. This information must be inside the shipping container.

NON-WARRANTY REPAIR

CEEEO will repair equipment out of warranty for a set charge plus parts. The customer must pay the shipping costs both directions.

CEEEO has been providing telecom solutions since 1930. Our vandal resistant technology focuses on providing public communication solutions while reducing replacement and repair costs, lowering the customer's total cost of ownership. CEEEO also offers custom design and branding to your specifications. Our commitment to providing expert service and support extends beyond the warranty of our product.

We offer service for the life of the product!

CEEEO is devoted to giving you the quality and service you deserve.
