

The innovative design of the QuadCab™ Wall Mount Cabinet provides four distinct advantages:

■ **Quick Installation:**

Cornerstone hinging allows the QuadCab™ Wall Mount Cabinet to be installed quickly in easy to manage segments.

■ **Unmatched Versatility:**

Rear section easily configured for a wide variety of applications using a broad variety of accessories that quickly clip into place.

■ **250 Pound Load Capacity:**

Construction supports loading with minimum sag.

■ **Durability:**

Rugged construction and heavy duty locks and hinges provide long life and a secure environment.

SPECIFICATIONS

◆ **Material**

- Rear section, top/bottom hinge plates, front door: 16 ga. CRS
- Center section: 14 ga. CRS
- 19" mounting angles: 11 ga. CRS
- Cornerstone hinges: aluminum permold 4BF
- Depth members: 11 ga. CRS

◆ **Finish:** powder coat black or office white

- ◆ 19" rack mounting width per EIA-310-D

See page A58

Raceway knockouts

Patented eccentric conduit knockouts eliminate extra conduit bends

Rails adjustable from front to rear

Rear section easily accepts 110 block, patch panels, switches and more

Front door available in solid or smoked acrylic window styles

Ventilation for active equipment with optional filter kits available

Heavy duty locking hardware for long life and maximum security

Structured cable routing between front and rear sections

Cornerstone die-cast hinges:

- Quick disconnect for speedy installation
- Supports 2½ times load capacity of normal wall mount cabinets
- Can easily be hinged left or right

Outside view

Weight Load vs. Cabinet Deflection

Load	Lbs.	30	45	100	150	200	250
Deflection	In.	0.00	0.06	0.25	0.31	0.50	0.93

NOTE: For best results, mount equipment to rack uprights or rest on shelves mounted to uprights. Deflection results shown above are typical, actual deflection may differ based on mounting conditions of cabinet to wall and weight distribution of equipment in cabinet.

Lock Kit

Use to change key type to meet your application. Fits both QuadCab and REBOX®.

Delivery: 1 Assembly lock and key

Standard kit to replace existing locks

Catalog No. **CKL751**

Change key from CH751 to 333

Catalog No. **CKL333**

To convert to Bellcore 716 lock

Catalog No. **CKL716**

To convert to European lock

Catalog No. **CKLE**

Mobile Base Kit

Use to convert QuadCab™ Wall Mount Cabinet to floor standing cabinet.

Delivery: 1 mobile base, 4 swivel casters, 4 leveling feet, 1 cover for rear door

Catalog No. **HWKMB**

Gasket Kit

Use to enhance protection against dust and water, and performance of fan and filter kit

Delivery: Adhesive-backed, foam gasket

Catalog No. **HWKGT**

Fan Kit

Increases ventilation.

Delivery:

1 Fan tray assembly, wired
1 Kit mounting hardware

114 CFM, 120 VAC, 60 Hz

Catalog No. **HWKF120**

114 CFM, 230 VAC, 50 Hz

Catalog No. **HWKF230**

See page B24 for optional thermostat kit.

Fan Filter Kit

Dust filter for air intake when using fans. Recommended use with gasket kit.

Delivery: Framed filters (1 kit required for 2' high cabinets, please use 2 kits for each 3' and 4' high cabinets)

Catalog No. **HWKFF**
