

## PRODUCT FACTS

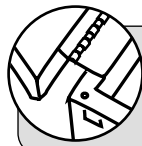

- ▲ Features an AC power outlet knockout for duplex receptacle mounting.
- ▲ Supports telecom surge protection with an integrated grounding terminal.
- ▲ Flanged cover hides rough edges of drywall openings in recessed mounted installations.
- ▲ Patented "Tri-Rail" mounting system features two sets of rails for speedy full-width or half-width module installation.
- ▲ Supports surface mounted and recessed mounted installations.
- ▲ Multiple oversized cable entry holes provide ample access.
- ▲ Accepts available Velcro tie straps to organize and manage cables.
- ▲ U.L. Listed.
- ▲ Drywall Thickness Indicator ensures quick and accurate depth positioning.
- ▲ OnQ Cable Guard protects cables during paint and drywall.

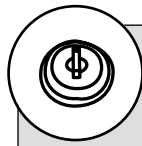

Features the patented OnQ mounting system

### Features of the OnQ Premium-Line:

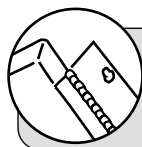

- ▲ Removable hinged door with locking assembly for more secure installations.
- ▲ Heavy-duty plastic bushings protect cables from damage.
- ▲ Rear cable knockouts accommodate surface mounted installations where cables must enter from the back.
- ▲ Attractive and durable OnQ White enamel finish inside and out.
- ▲ U.L. Listed for fire and burglary rating allows third-party security systems to be installed inside the Premium Line enclosures.

Hinged door allows convenient access and enhances tamper resistance

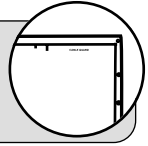

Lockable door offers a secure environment for the OnQ Home Management System

Double keyhole on hinged door for easier hanging

OnQ Cable Guard protects cables during paint and drywall

U.L. Listed for fire and burglary rating allows security systems to be installed

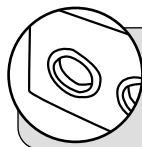

Rear cable knockouts accommodate surface mounted installations where cables must enter from the back of the enclosure

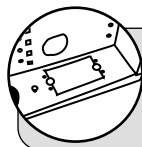

### Features of the OnQ Value-Line:

- ▲ Powder coat finish protects cables from damage, thus eliminating the need for bushings.
- ▲ Lightweight OnQ gray body is designed to resist rusting.

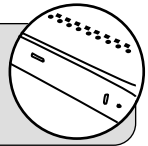

Oversized cable entry holes provide ample access.

AC outlet knockout for power outlet in recessed or surface mounted installations

Drywall Thickness Indicator for three different types: 5/8", 1/2", 3/4"

Power Strip

**Value Line**

12" Enclosure	Part Number
Features 24" of rail space to accommodate video, telephone, network modules and home office modules in various combinations. 13"H x 14.25"W x 4"D.	1267077-01
24" Enclosure	Part Number
Features 48" of rail space to accommodate video, audio, telephone, network and home office modules in various combinations. 25"H x 14.25"W x 4"D.	364257-01

**Premium Line**

14" Enclosure	Part Number
Features 24" of rail space to accommodate OnQ system modules. Features a hinged, lockable door to provide a secure environment for the OnQ modules. 14"H x 14.25"W x 4"D.	363474-01
28" Enclosure	Part Number
Features 52" of rail space to accommodate OnQ system modules. Features a hinged, lockable door. 28"H x 14.25"W x 4"D.	363475-01
42" Enclosure	Part Number
Features 80" of rail space to accommodate OnQ system modules. Features a hinged lockable door. 42"H x 14.25"W x 4"D.	363476-01

**Accessories**

Enclosure Extenders	NEW	Part Number
Expands the depth of the enclosure by 2" to provide additional room for wiring of large devices.	28"	364450-01
	42"	364450-02

Enclosure Extender Wire Manager	NEW	Part Number
Provides multiple access slots to allow cables to be routed to the OnQ modules. Can be mounted in either the 28" or 42" Enclosure Extenders.		364482-01

Velcro Tie Straps	Part Number
Black Velcro tie straps (8" long) to secure cables to the sides of the enclosure. 50 per bag.	363491-01

Door Installation Kit	Part Number
Intended to replace the keys, screws and lock washer provided with the enclosures.	1267116-01

Enclosure Plug Kit Pack of 7	Part Number
Consists of (7) 1 3/4" plastic plugs for the 1 3/4" enclosure knock outs.	364232-02

Enclosure Bushing Kit Pack of 7	Part Number
Consists of (7) 1 3/4" plastic rings for the 1 3/4" enclosure holes.	364232-01

Power Strip Module	Part Number
Four outlet 110VAC power strip with on/off switch, built-in circuit breaker, and power LED indicator.	364266-01

**Replacement Doors**

<b>Modular Enclosure Door 14" – Premium, Hinged</b>	364351-01
<b>Modular Enclosure Door 28" – Premium, Hinged</b>	364352-01
<b>Modular Enclosure Door 42" – Premium, Hinged</b>	364353-01
<b>Modular Enclosure Door 12" – Value-line</b>	364344-01
<b>Modular Enclosure Door 24" – Value-line</b>	364354-01
<b>Modular Enclosure Door 14" – Non-Hinged</b>	363991-01
<b>Modular Enclosure Door 28" – Non-Hinged</b>	363992-01
<b>Modular Enclosure Door 42" – Non-Hinged</b>	363993-01
<b>Replacement Key Kit – Hinged Enclosure</b>	364490-01
<b>Replacement Lock Assembly – Hinged Door</b>	364478-01
