

PRODUCT FACTS

- ▲ Provides connectivity for 8 or more computers for a local area network (LAN).
- ▲ High-speed Category 5E termination point for ISDN or DSL digital data services.
- ▲ RJ45 8-pin modular jacks provide for time-saving termination and hassle-free connection changes.
- ▲ High-quality Category 5E termination using 110 style punchdown RJ45 modular jacks.
- ▲ Router allows a single high-speed internet connection to be shared among several computers.
- ▲ Network Hub compliant to IEEE 802.3 Ethernet specifications.
- ▲ Convenient LED status indicators on Network Hub.
- ▲ Includes power supply.
- ▲ RJ45 jumpers sold separately.

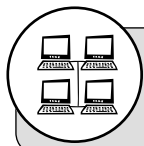

Supports high-speed Category 5E termination points for interconnections to digital data services

8 Port Network Interface Module

Provides a termination point for telephone cable runs when using the 1x8 Enhanced Telecom Module and the 8 Port Telecom Expansion Module

Supports sharing of a high-speed Internet connection among home computers

4 Port 10/100 Router/Switch

Enables users to share printers, files, modems and access to high-speed network services

Features an integrated 4-port 10/100 switch and security firewall

CAT 5E

5 Port Network Interface Module

Part Number

CAT 5E rated module supports cost-effective connectivity for up to 5 networked computers via 110 style RJ45 modular jacks that snap-in from the rear. Alternatively, the 5 Port Network Interface also supports termination points for OnQ Category 5E Telecommunications cable for direct interconnections to digital data services. U.L. Listed. 3"H x 6.5"W

364407-01

CAT 5E

8 Port Network Interface Module

CAT 5E rated module supports termination of up to eight OnQ Category 5E cables for interconnection to a local area network or digital data services. The 8 Port Network Interface Module has front-mounted 110 style blocks for CAT 5E cable punchdown connections. U.L. Listed. 3"H x 6.5"W

363486-01

CAT 5E

5 Port 10/100 Network Switch

NEW

Supports up to 5 computers in a 10 or 100 Mbps Ethernet local area network. Complies with IEEE 802.3 10BaseT and 802.3 100BaseT switch standards and is auto-sensing and auto-configuring. Meets stringent FCC Class B requirements for minimizing interference with other home electronic products. 2.5"H x 6.5"W

364528-01

CAT 5E

8 Port 10/100 Network Switch

NEW

Supports up to 8 computers in a 10 or 100 Mbps Ethernet local area network. Complies with IEEE 802.3 10BaseT and 802.3 100BaseT switch standards and is auto-sensing and auto-configuring. Meets stringent FCC Class B requirements for minimizing interference with other home electronic products. 3"H x 6.5"W

364411-01

CAT 5E

4 Port 10/100 Router/Switch

NEW

Allows a single high speed internet connection (DSL / cable modem) to be shared among several computers. Features a built-in 4 port 10/100 switch, software-upgradeable firmware and security firewall. Supports PPPoE, VPN (PPTP pass thru), and Proxy-DNS. Internet and cascading ports are switchable for straight-through or cross-connect cable configurations. Expandable by adding an OnQ Network Hub or Switch. 4"H x 6.5"W

10/100 WAN	364448-01
10Mbps WAN	364537-01

CAT 5E

RJ45 Jumper Cable — Category 5E

Used with 8 Port Network Interface Module, 1x8 Enhanced Telecom Module, and network switches or router.

.5 foot	363201-27
1 foot	363201-26
2 feet	363201-25
3 feet	363201-30
7 feet	364489-01
14 feet	364489-02

Replacement Products

Power Transformer — 5 Port 10BaseT Network Hub

9V DC, 1A transformer for the 5 Port Network Hub (364235-02).

364272-02

Power Transformer — 8 Port 10/100 Network Hub

5V DC, 2A transformer for the 8 Port 10/100 Network Hub (364258-01).

364272-03

Power Transformer — 8 Port 10/100 Network Switch

9V DC, 1A transformer for the 8 Port 10/100 Network Switch (364411-01).

364272-04
