

OnQ CATEGORY RESIDENTIAL TELECOMMUNICATIONS CABLE

PRODUCT FACTS

- ▲ Designed specifically for high performance residential applications.
- ▲ 4 Pair Unshielded Twisted Pair tested and verified by ETL to meet TIA/EIA 568-A Category 5E standards.
- ▲ Ideal for high performance telecommunications applications including ISDN and xDSL services, home office, Internet access, computer data, and fax transmissions.
- ▲ Supports data networking protocols including 10Base-T (Ethernet), 100 Mbps Fast Ethernet, and 155 Mbps ATM (Asynchronous Transfer Mode).
- ▲ UL & cUL listed.
- ▲ Rated for behind the wall applications per NEC.
- ▲ Reel-in-a-Box packaging virtually eliminates 'walk backs'.
- ▲ Protects cable's high performance rating by eliminating damaging tangles and kinks during pay-out.
- ▲ Reel can be used alone if box becomes damaged or wet.
- ▲ Boxes can easily be stacked, will not crush.

OnQ Category 5E

CAT 5E Cable - White

1000 ft. Reel in a box

Part Number

364510-01

CAT 5E Dual Cable - White

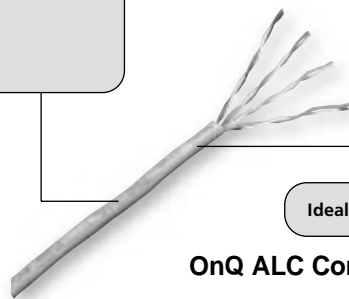

400 ft. Reel in a box

364250-01

OnQ ALC LIGHTING CONTROL CABLE

PRODUCT FACTS

- ▲ Designed for high reliability.
- ▲ 4 pair Unshielded Twisted Pair for use in ALC lighting applications.
- ▲ U.L. and cUL listed.
- ▲ Reel-in-a-box packaging.
- ▲ Light blue jacket.

OnQ ALC Control Cable

ALC Control Cable

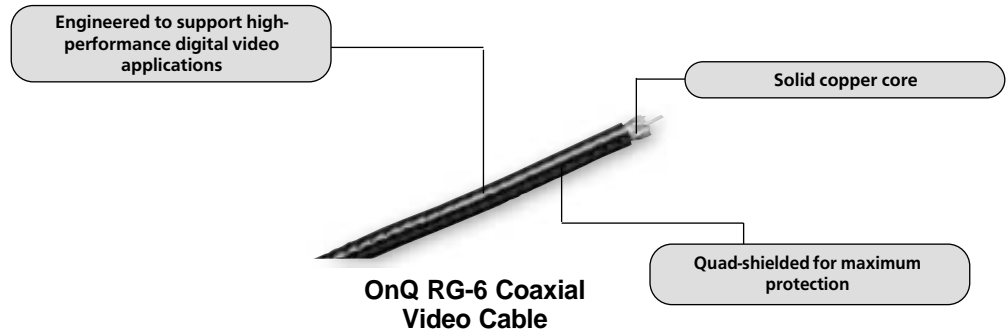

1000 ft. Reel in a box

362840-03

PRODUCT FACTS

- ▲ Ideal for demanding home entertainment applications including digital satellite services, movies-on-demand, digital cable and HDTV, and Internet TV.
- ▲ Solid copper conductor supports digital satellite service distribution throughout the home.
- ▲ Quad-shielded for maximum protection from interference.
- ▲ UL/cUL listed; NEC Compliant; CSA rating.
- ▲ Supports bandwidth to 2.4 GHz.

OnQ RG-6 Coaxial Video Cable – 500 feet

Part Number

75 Ohm coaxial video cable with solid copper conductor designed specifically for residential home entertainment applications. Black (Pull box) 364511-01

OnQ Siamese RG-6 Coaxial Video Cable – 250 feet

Dual 75 Ohm coaxial video cables designed to support multiple video applications (CATV, DBS, CEBus, etc.) Blue 364252-01

OnQ 360° Conical Crimp F-Connector

Unique “true-round” connector for OnQ RG-6 Coaxial Video cable designed specifically for residential home entertainment applications. 364246-01

- ▲ High performance “true-round” crimp provides a strong connection while maximizing cable performance characteristics.

OnQ Radial Taper Compression Tool

Crimper for the OnQ 360° Conical Crimp F-Connector and OnQ RG-6 Coaxial Video cable 364247-01

- ▲ Rugged, easy-to-calibrate design ensures consistent, accurate results.
- ▲ Toggle action ensures a proper crimp.

OnQ RG-6 Coaxial Cable Stripper Tool

Cable stripper for OnQ RG-6 Coaxial Video cable. 362721-02

- ▲ Provides an industry-standard strip consisting of 0.25” braid strip length and 0.25” conductor strip length.
- ▲ Patented spring action automatically adjusts to the cable.

Technical Specifications

Conductor Size	18 AWG
Conductor Type	Solid Copper
Characteristic Impedance	75 Ohms
Jacket	PVC Blue
UL/NEC Ratings	CMR
