

Polycom SoundStation Premier

The **ultimate conferencing tool** for natural, productive audio meetings

- * **NEW** Palm interface—dial your contacts directly from your Palm; use your Palm as a remote control
- * **NEW** three year standard warranty
- ▼ **Unequaled voice quality**—world's best full-duplex system eliminates echoes, clipped words and reverberation for more natural, two-way conversations
- ▼ **Easy to use**—keypad operates just like a handset phone, including mute button and flash key
- ▼ **Total control at your fingertips**—optional infrared remote puts all functions in your hand
- ▼ **High-fidelity sound**—state-of-the-art speaker has enough power to fill large rooms with clear, rich sound
- ▼ **Maximum expandability**—the SoundStation Premier with Satellite gives you the option of up to two speakers and eight microphones, including an integrated 900 Mhz wireless microphone

The finest sound in group audioconferencing. The Polycom® SoundStation Premier® sets a new standard in easy-to-use, full-duplex audioconferencing quality by virtually eliminating echoes, clipped words and reverberation. It allows you to effectively listen to meeting participants as they are speaking, even in a room full of people. With SoundStation Premier you are free to move around the room at will, without worrying about not being heard. The system's speaker provides clear, high-fidelity sound so you don't miss a word and has enough volume to fill almost any size room.

Exceptional convenience. Complementing its unequalled sound quality, SoundStation Premier also delivers unsurpassed convenience with a 16-character LCD for Caller ID capability, time of day, and length of call. The console, featuring hold, redial, and mute buttons, connects to a wall jack via a single cord. An optional infrared remote control, wireless microphone system and extended microphones with separate mute buttons allow participants to move freely about the room—without disrupting the conversation. And with our Satellite option, your SoundStation Premier can seamlessly expand to cover even the largest boardrooms.

For superior audioconferencing with unsurpassed clarity and performance, there's one clear choice: SoundStation Premier from Polycom.

Sold by:
