

Polycom SoundPoint® Pro SE-225

High-quality full-duplex conferencing right from your desktop

- ▼ All-in-one communications at your fingertips—conferencing, handset and headset support
- ▼ High-quality voice clarity with full-duplex conferencing—for natural two-way conversations
- ▼ Caller ID and Caller ID on Call Waiting—identifies incoming calls quickly
- ▼ 99-number programmable speed dial—saves dialing time
- ▼ 99-number outgoing and 99-number incoming (with Caller ID) call history directories—easily locate and dial stored numbers
- ▼ Keypad activated rear mic for maximum room coverage

Desktop audioconferencing at its finest. Telecommuters and small businesses need the same high-quality audioconferencing capabilities they would use in a corporate office. Now, Polycom® introduces the feature-rich SoundPoint® Pro SE-225 to provide corporate-quality audioconferencing capability in an elegant, personal business phone. SoundPoint Pro seamlessly integrates handset and headset telephone functionality with crystal clear, hands-free audioconferencing in a single business telephone that sounds as great as it looks.

Hold three-way audioconferences. SoundPoint Pro utilizes the same industry-leading conferencing technology that has made SoundStation® conference phones from Polycom the top choice of corporations worldwide. With the touch of a button, SoundPoint Pro lets you hold clear, full-duplex audioconferences with up to two additional participants for a multipoint conference call. Callers can speak when they want, without the clipped sentences and one-way conversations common with ordinary business speakerphones.

Versatile features make your phone time more productive. The SoundPoint Pro SE-225 has a front-facing microphone optimized for personal use, or, activate the rear microphone for dual-mic, 360° coverage in group conferencing situations. Plus you can connect an optional headset for high-quality, hands-free applications. Extra cables and boxes won't weigh you down—the headset amplifier and volume controls are built in.

And, SoundPoint Pro costs less than you might think. Get more done and be more efficient, with SoundPoint Pro from Polycom.

Sold by:
