

Network FTP Software For The WJ-HD200 DVR **WV-AS20**

WV-AS20 DVR Network Solution Software For The WJ-HD200 DVR.

Panasonic's WV-AS20 Network FTP Software solution is designed to further enhance operation of the company's WJ-HD200 Digital Video Recorder. It allows selected images to be downloaded from a WJ-HD200 to a PC hosting the WV-AS20 software via network connection. Images can be downloaded upon manual activation or automatically by time/date programming.

The WV-AS20 Network FTP Software also features an alarm polling function to download images captured before, during and after the time of the alarm condition. In addition, the WV-AS20 features advanced search and filtering features to quickly locate and sort images for review.
