

StarPlus-45

Krown StarPlus-45 - Amplified telephone with Caller ID offers the latest in telecommunication technology. This ensures louder and more understandable conversations.

StarPlus-45 not only amplifies the incoming voice by 200 times, its advanced circuit design and electronic antifeedback filter makes every word clear and easy to understand without any distortion. It also comes with a 95db tone ringer and super bright indicator to enhance incoming calls.

The StarPlus-45 offers Caller ID, extra large buttons with high contrast graphics and speaker phone for optimum visibility, dialing and talking ease.
