

MX300

Retractable Mobile Headset

 **PLANTRONICS**

Crisp, Clear Sound Even in Windy Environments—and No Tangled Cords

Enjoy exceptional sound quality and eliminate tangled cords with the MX300 Retractable Mobile Headset from Plantronics®. Designed to provide crisp, clear sound even in windy environments, this headset has the added convenience of a compact design that keeps the cord neatly stowed when not in use.

- **Better Sound in Windy Environments**
With patent-pending WindSmart™ technology, the MX300 eliminates the whistles and static often associated with windy environments.
- **Tangle-Free Convenience**
Featuring the RetractPro™ automatic cord winder, the MX300 allows the cord to easily extend whenever you need to use the headset. And with the touch of a button, the cord quickly and easily retracts for compact stowage.
- **Comfortable and Stable Fit**
With the unique Flex Grip® earpiece, the MX300 is comfortable to wear and stays in place even during extended use.
- **Plantronics Compatibility**
The MX300 is available in models to fit today's most popular mobile phones, including phones with a standard 2.5mm headset jack. One-touch call answer/end and voice-activated dialing* are available for most popular Nokia® phones (MX303 models).

*Voice-activated dialing must be supported by your phone or service.

MX300

Retractable Mobile Headset

The Plantronics MX300 Retractable Mobile Headset lets you:

- Hear and be heard even in windy environments
- Easily place the headset on either ear with one hand
- Conveniently stow the headset without the worry of tangled cords
- Talk longer in continuous comfort

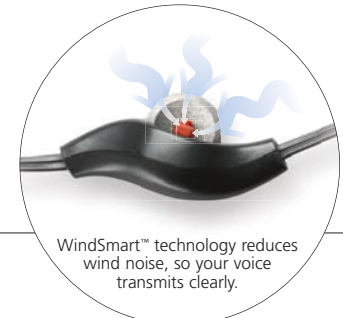

MX300 Series Key Benefits

- Patent-pending WindSmart™ technology eliminates wind whistles and static
- The RetractPro™ automatic cord winder provides the ultimate in compact, convenient stowability
- The unique Flex Grip® design creates an exceptionally stable, comfortable fit
- Call answer/end and voice-activated dialing for most popular Nokia® phones
