## Jabra C120s – In-the-ear stereo headset for mobile phones and music players

Now you can listen to your music player or have conversations on your mobile phone without switching headsets. The Jabra C120s is a pair of in-the-ear miniature speakers combined with an in-line microphone for optimal voice pick-up.

You have a choice of wearing style too – either foam pads that sit gently against your ear or patented Jabra EarGels® to give a comfortable in-the-ear fit. Either way you get great stereo sound.

Never before has stereo listening looked so good!

### Jabra C120s – Key benefits

- Plugs directly into your mobile phone or music player (using supplied adapter)
- Automatically mutes for an incoming call and resumes playing when the call has ended
- Jabra EarGels® channel sound directly into your ears for perfect stereo listening
- In-line microphone for clear voice pick-up
- Easy to wear in one ear only for mobile conversations
