User-Friendly Screen Menus

The large 3.5'' x 2.25'' backlit display and six softkeys guides you effortlessly through the powerful features of your phone system. No codes to memorize, no need to constantly refer back to manuals, just follow the screen menu visual prompts using the six softkeys.

The screen also displays information such as call status, phone status, call time and inbound call information. Busy Lamp Field softkeys allow you to monitor the status of up to five other extensions on your system at a glance with easy-to-read icons.

Handling calls is easy — transfer callers to another extension effortlessly using the visual prompts, park calls to virtual zones where they can be retrieved from any phone, and create conference calls with ease. Training time is greatly reduced, thus resulting in improved business productivity.
