SERVER RACKS

Kendall Howard rack systems are without question the cream of the crop in aesthetic design and durability. All of our racking systems are EIA compliant to ensure perfect compatibility with other component manufacturers. From our patent pending modular designs to our breakaway wall mount designs, Kendall Howard truly is the leader in innovative design.

1931 SERIES SERVER RACK

This rack is the best of the best in full size rack cabinets. Its frame is made from custom extruded aluminum for maximum strength and durability. Each of our 1931 racks ship with all accessories included and installed complete.

- 30" Internal rail to rail depth
- Front and rear fully adjustable cage nut style rails (4 total)
- Lift off side panels for easy access
- Semi-vented locking front door with semi-mirrored glass
- Fully perforated locking rear door
- All bottom panels remove for cabling
- Dual ultra-quiet topside fans remove ambient heat
- 4 Heavy-duty swiveling casters
- 4 Leveling feet
- 50 Cage nuts and rack screws included

HANGING RACKS

The strength and durability of our modular rack line is now available in a new wall mount version. What's so great about this new racking system? We're glad you asked!

- 2 Piece design installs in less than 5 minutes
- Supports over 250lbs
- Adjusts to any width 19" EIA, 24" Telecom, whatever spacing you need.
- Under the desk mountable
- Ceiling mountable
- Universal mounting holes for most common wall hardware
- Side cutouts for easy cabling
- Standard pre-tapped 10-32 rail holes

We know once you own one of these, there is no turning back.

PORTABLE/MODULAR SERVER RACKS

These lightweight yet sturdy rack systems are the perfect solution for offices, trade shows, industrial environments or anywhere you need a rugged, portable rack.

- Interlocking corners allow for easy stacking and expansion
- Each rack supports more than 500 lbs.
- Made from four pieces of solid steel
- 20 inches from rail to rail
- The strongest modular rack on the market today.
- Heavy-duty, spring-loaded side handles allow for easy transportation
- Optional casters make this unit mobile and easily transportable
