## NEMA-Rated Wireless Wall-Mount Enclosure

The AAT-MWME-P is a wall-mounted wireless access point enclosure designed for warehouse, manufacturing/light industrial and exterior use. A single front door provides access to equipment. The door is attached with a continuous steel hinge and secured by padlock through a stainless steel padlock hasp. A gasket seals the interior at closure.

- Enclosure is completely sealed, customer drills cable entry holes to fit application
- Enclosure: fiberglass reinforced polyester, gray
- Enclosure: 11-1/2"H x 9-1/2"W x 4-1/2"D (292 mm x 241 mm x 114 mm)
- Product Weight: 5 lb (2.3 kg)
- Interior of the enclosure is 3"D (80 mm)
- Maximum equipment size is 9" x 7" x 3" (230 mm x 180 mm x 80 mm)
- Customer must provide installation and cable access hardware
- NEMA 1, 2, 3, 3R, 4, 4X, 12 and 13
