

NOTIFICATION SYSTEM

ALERTMASTER AM-6000
The All-in-One Wireless System!

The all-in-one Alertmaster notification system flashes a lamp and shakes your bed to alert you to a ringing telephone, alarm clock, doorbell, loud sound or audio alarm. Its optional accessories even notify you of a crying baby or the presence of an intruder. Just plug it in, no wiring is required.

- Flashes a lamp and shakes your bed to alert you to activities within your house.
- Activities include: ringing telephone, alarm clock, doorbell, loud sound or audio alarm.
- Distinct flashing patterns and lighted icons identify each activity.
- Various accessories allow you to customize the system to meet your needs.
- Includes wireless doorbell.
- Includes powerful bedshaker for night-time notification.
- Large, lighted button lets you turn lamp off or on.
- Battery back up (batteries not included).
