

Q90D™

Digital Combination TTY / VCO with text answering machine

Powerful, dual-purpose TTY. Stylish, lightweight, portable and full-featured, yet easy to use. Works with TSB-121 compatible digital cell phones and many cordless phones. Many advanced features, including a text answering machine with pre-programmed phrases. Ideal for use in homes and offices.

Features

Connects to your TSB-121 compatible mobile / cellular phone for communication any time, anywhere. May also be used with many cordless phones.

68-key PC-style keyboard with one touch buttons for typing commonly used phrases.

Place hands-free VCO calls with use of the built-in microphone and large, high-contrast two-line display.

Place Hearing Carry Over (HCO) calls with optional speakers or headset

Built-in text answering machine with programmable personalized greeting and remote message retrieval.

Long-lasting rechargeable batteries and AC adapter included.

Q90D™

Digital Combination TTY / VCO with text answering machine

Features (continued)

Lightweight and compact design means the Q90D is truly mobile - ready to go where you go - any time.

LCD display is backlit and tilted for easy viewing of text

“Sticky” keys make it easy to use the Q90D with one hand

“Wait for Response” allows you to see when typing may continue after you have been placed on hold

Hi-Speed code allows you to communicate at twice the normal TTY speed.

Bright visual ring flasher announces incoming calls, including cell phone calls

24-number programmable phone number directory memory

Program up to two outgoing personalized greetings

34Kb total memory
Includes cord for cell phone connection

Power key “lock” prevents accidentally turning on the Q90D and draining the batteries

One-step erasure of numbers and memory entries

Audible ringer for HCO calls

Built in microphone for hands-free Voice Carry Over (VCO) calls

May be used with the Q90D mini-printer and Large Visual Display (LVD) for added functionality
