Termination and Test Tools

Hubbell tools and testers simplify fiber installations.

Features/Benefits

- Deluxe OFTK series kit contains all the tools and expendables necessary to terminate heat cure, anaerobic and **2QUICK®** crimp connectors.

- 200X coaxial, oblique lighted microscope.

- Patented **2QUICK®** flat crimp tool and die.

Specifications

- ◆ SC and ST-style polishing puck.

- ◆ Sapphire hand scribe.

- ◆ 900 micron fiber strip tool.

- ◆ 5, 1 and 0.3 micron polishing film.

- ◆ OFCMT04 crimp tool.

Connector Termination Kits for SC/ST-style Connectors

OFTK03C

Order Information

For **2QUICK®** or OptiChannel™ adhesive connectors.

Delivery: Canned air, 10 oz., tool pouch (OFTP02C) with fiber and cable preparation tools, wipes, heat cure epoxy, anaerobic adhesive and primer, polishing paper, polishing pad, heat-cure epoxy oven, safety glasses, syringes, needles, cure adapters and clips.

Description	Catalog No.
Termination Kit for SC/ST-style connectors, 16-port (110VAC)	**OFTK03C**
Termination Kit for SC/ST-style connectors, 8-port (220VAC)	**OFTK04C***

* Does not contain canned air, anaerobic adhesive or primer.

Connector Installation Tool Pouch for OptiChannel Anaerobic and 2Quick® SC/ST-style Connectors

Order Information

Delivery: Sapphire scribe, scribe guide, black permanent marker, Kevlar scissors, strip template and polishing fixture, ruler, buffer/cable jacket stripper, 200X microscope assembly, crimp tool and die.

Description	Catalog No.
Connector Installation Tool Pouch for SC/ST-style connectors	**OFTP02C**

Connector Installation Tool Pouches for MT-RJ Pre-Polished and LC Adhesive Connectors

OFTP04C

Order Information

Delivery: Black permanent marker, Kevlar scissors, ruler, buffer stripper, stripper/cutter 30-10AWG. MT-RJ tool pouch includes cam tool and fiber cleaver; LC tool pouch includes LC cure adapters, scribe guide, polishing puck, sapphire scribe and 200X microscope.

Description	Catalog No.
Connector Installation Tool Pouch for MT-RJ Connectors	**OFTP03**
Connector Installation Tool Pouch for LC Connectors	**OFTP04C**

CRIMP OR EPOXY/ANAEROBIC CONNECTOR TERMINATION TOOLS AND EXPENDABLES.

CRIMP TOOL

For **2QUICK®** Crimp and OptiChannel SC/ST-style epoxy/anaerobic connectors. Crimp die-set (included) pre-set at factory.

Dual hex cavity: .0178"/.0151". Flat crimp 0.052". Hex crimp 0.136". Hardened die.

Catalog No. **OFCMT04**

DIE-SET

For **2QUICK®** crimp tool. Replacement die for OFCMT04.

Catalog No. **OFCMD04**

CLEAVE TOOL

For **2QUICK®** crimp connectors only.
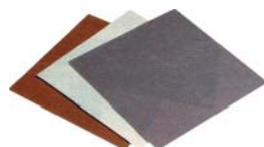

Catalog No. **OFCLV1**

POLISHING FILM

Replacement kit.

Delivery: 25 sheets of 5, 1, and 0.3 micron.

Catalog No. **OFLFP**

ANAEROBIC REPLACEMENT KIT

Cures in 6-10 seconds. Superior bond strength. Convenient paint brush in cap. Needle tip fits on adhesive bottle.

Delivery: Primer and adhesive, 10 syringes and 10 needles.

Catalog No. **OFCAP**

Delivery: Replacement bottle of primer only.

Catalog No. **OFPRIME**

EPOXY REPLACEMENT KIT

Easy mix (1g) tubes fit into syringes. Superior bond strength. Cures in 10 minutes at 90°C. Eight month shelf life. 30 minute working time.

Delivery: 6 tubes 1g, 6 syringes/needles.

Catalog No. **OFCEP**

POLISHING PUCK

Stainless steel, polished surface. SC/ST-style or LC compatible.
Delivery: 1 puck.

	Catalog No.
SC/ST-style	**OFPUCK**
LC	**OFPUCKLC**

HAND SCRIBE TOOL

Sapphire blade.
Delivery: 1 tool and scribe guide.

Catalog No. **OFSCRIBE**

FIBER STRIP TOOL

900 micron buffered fiber.
Delivery: 1 tool

Catalog No. **OFSTRIP**

FIBER BUFFER AND JACKET STRIP TOOL

Strips: 900 micron buffer, 250 acrylate buffer, loose tube and PVC jackets.
Delivery: 1 tool.

Catalog No. **OFSTRIP2**

OPTISOK™

The pulling ring can be attached to a pulling line or fish tape and the **OPTISOK™** acts as the pulling tool.

Bundle Size Range	Catalog No.
0.125-0.562"	**HPWCCPS1**
0.250-0.750"	**HPWCCPS2**
0.750-1.750"	**HPWCCPS3**

PULLING GRIP, SWIVEL EYE

Swivel eye allows pulling torque in the cable to twist out while under tension and eliminates the need for a separate swivel.

Cable Diameter	Catalog No.
0.10-0.22"	**HPW033291007**
0.21-0.35"	**HPW033291008**
0.32-0.48"	**HPW033291009**
0.42-0.61"	**HPW033291010**
0.53-0.74"	**HPW033291011**
0.64-0.87"	**HPW033291012**

Order Information

CRIMP OR EPOXY/ANAEROBIC CONNECTOR TERMINATION TOOLS AND EXPENDABLES.

SLACK PULLING GRIP

Designed to be wrapped around the cable and closed with a rod. Single offset eye for easy attachment to a pulling line.

Cable Diameter	Catalog No.
0.25-0.37"	**HPW033291015**
0.38-0.49"	**HPW033291016**
0.50-0.61"	**HPW033291017**
0.62-0.74"	**HPW033291018**

OFPM813   OFLS813

COMPLETE TEST SET, MULTIMODE

Batteries and soft pouch included. Fully calibrated at factory. ST-style adapter ports.

Delivery: 1 power meter, 1 dual wavelength LED source, 1 soft pouch.

Description	Catalog No.
Complete kit	**OFPLK813**
Power Meter Dual wavelength	**OFPM813**
LED Light Source Dual wavelength, MM	**OFLS813**

EPOXY CURE ADAPTERS

For heat cure oven.

Delivery: Package of 6.

SC/ST-style	**OFCA**
LC	**OFCALC**

FIBER OPTIC FAULT FINDER

The fault finder kit is a dual visible laser light source. It provides the fiber optic system installer and troubleshooter with a durable test instrument to visibly locate excessive bends, kinks and breaks in duplex fiber optic cables.
Also, the fault finder is a useful tool to optimize MT-RJ connectors during assembly and for indicating polarity.

Delivery: Waterproof carrying case, battery charger, MT-RJ assembly clip and MT-RJ patch cord.

OFAULT1

Catalog No.	**OFAULT1**

FCMTRJCLP

Accessories	Catalog No.
MT-RJ Assembly clip	**FCMTRJCLP**
MT-RJ Duplex 62.5/125µm patch cord, 1m	**DFPCRJRJC1MM**
MT-RJ to ST-style duplex 62.5/125µm patch cord, 1m	**DFPCRJSTC1MM**
MT-RJ to SC duplex 62.5/125µm patch cord, 1m	**DFPCRJSCC1MM**

SCRIBE GUIDE

Suitable for SC, ST-style, or LC connectors. Handy loop for key chains.

Delivery: package of 6

Catalog No.	**OFSG**

DUAL FIBER CLEAVER, MT-RJ

Delivery: 1 tool.

Catalog No.	**OFCLV2**

INSTALLATION TOOL, MT-RJ

Delivery: 1 tool.

Catalog No.	**OFCTOOL1**

OFSCOPE1

MICROSCOPE, 400X

Built-in illuminator. Soft pouch. Batteries included. SC/ST-style adapter included.

Description	Catalog No.
SC/ST-style Microscope	**OFSCOPE1**
LC Adapter For 400X microscope only.	**FOADPTLC**
