VXI PASSPORT™ - P

Go First Class with high performance VXI headsets for Plantronics® equipment.

Simply attach the VXI Passport-P headset to the Plantronics cord (amplifier or direct connect) for easy integration in the contact center. Built to withstand the pressures of the 24/7 call center, Passport-P headsets are constructed with the same impact-resistant plastic used in sporting equipment, meaning fewer repairs and less hassles. High quality components ensure clear audio communication on both ends of the call and the ultra comfortable fit reduces agent stress.

BENEFITS AND FEATURES

- Compatible with Plantronics amplifier and direct connect cords.
- Noise canceling microphone blocks background sounds.
- Durable components for long product life.
- Adjustable ratchet headband won't slip out of place, provides secure, comfortable fit.
- Flexible "gooseneck" microphone boom stays in position for consistent voice input level.
- Competitively priced!
- Left or right side microphone placement.
- Single-ear or dual-ear wearing styles.

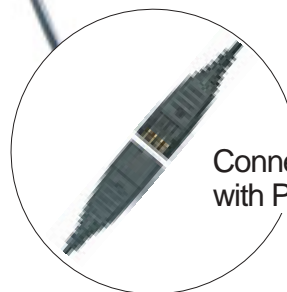

**UNCONDITIONAL
2-YEAR
WARRANTY**
