

Multimedia Outlet System RCA Module FEMALE TO FEMALE

APPLICATION

Leviton's Multimedia Outlet System (MOS) RCA Module adapts RCA video to the modular MOS wallplate, and features three adapters in a 1 unit high insert. Each module insert contains three adapters: red audio-right, black audio-left, and yellow-video. RCA video is ideal for classrooms and boardrooms where local input or output is required from audio/visual signals from peripherals such as televisions, VCRs, DVDs, game consoles and more.
