

Conference Max

NEC Unified Solutions, Inc. (NEC) recently added new tabletop conferencing solutions to its product lineup. These NEC-labeled units are a stylish addition to the NEC terminal lineup.

Select the unit that fits your company's needs:

Tabletop

Fully-expandable tabletop conference phones. Conference MAX provides premium, full-duplex audio in small conference rooms as a single unit and in larger rooms by linking up to four phone units for unrivaled microphone and loudspeaker coverage.

Wireless

Wireless tabletop conference phones. Conference MAX Wireless products provide the flexibility to hold a conference call when and where it's most convenient – with no cables in the way. MAX Wireless delivers clear, full-duplex audio in small rooms.

At a Glance

- Distributed Echo Cancellation® effectively eliminates echo.
- Noise cancellation removes background noises from fans or HVAC systems.
- Full-duplex sound enables participants to speak and listen at the same time without cutting in and out.
- Automatic level controls keep participants' audio balanced and consistent.
- First-mic priority eliminates hollow "tunnel" sound by activating only the microphone closest to the person speaking.
- Three microphones provide 360° audio pickup.

Expandability

- Provides a standalone solution for small to medium conference rooms.
- Link up to four complete phones, not just microphones, for expanded coverage with MAX EX Expansion Kits.
- Includes phone and connecting cable to expand MAX EX room coverage (base not included).

Ease of Use & Control

- Simply plug base unit into power and phone line, charge phone (wireless only), then dial. Features user-friendly telephone style controls.
- Speed dial stores 10 frequently dialed numbers.
- Recording output on base unit connects to a recording device to capture both sides of the conversation.
