

HOB-331-D SERIES

Rugged Weather Resistant Open Enclosure Telephones Built to Last

CEEEO HOB-331 Series is an open enclosure, weather resistant, telephone that is designed for both indoor and outdoor areas that are not exposed directly to the elements. The HOB-331 telephone series is available with a keypad (dial), call restrictions, autodial, or ring-down. The telephones are constructed of 16 gauge brushed stainless steel in a power coated steel housing and are equipped with a 32" armored cord handset, marine quality chrome mechanical hookswitch and keypad (F model), I.D. window or optional volume control push button with built-in background noise reduction and tamper resistant hardware. The HOB housing is available in black or red and has a emblem of a handset on both sides of housing. CEEEO's HOB-331 Series speakerphone provides dependable communication for your courtesy, emergency, or customer service applications and is built to last!
