PD-2X1215TL-30CB

High Amp Power Distribution

C(UL) US LISTED

Supplies power on two circuits to 15 Amp equipment in data centers and audio/video installations. Connects to 30 amp uninterruptible power supplies per NEC regulations

Features

- Two 15 Amp circuits fed by a 30 Amp branch circuit
- Allows connection to uninterruptible power supplies with a 30 Amp NEMA L5-30R output
- Twelve duplexes (24 outlets)
- Includes 10' cord with NEMA L5-30 plug
- Dual circuit breakers with lock-out pin to prevent tampering
- Mounts easily with included quick-clips
- Ivory and white duplexes alternate to indicate circuits
- UL Listed in the US and Canada

PD-2X1215TL-30CB

Architects' and Engineers' Specifications

Dual circuit 30 Amp power strip shall be Middle Atlantic Products model # PD-2X1215TL-30CB. Power strip shall be 56.5" long and shall feature 12 duplexes (24 outlets). Duplexes shall alternate ivory and white to indicate circuit. Power strip shall be connected to a 30 Amp supply using included 10' cord with NEMA L5-30, 30 Amp twistlock plug. 30 Amp input shall feed dual 15 Amp circuits via two 15 Amp circuit breakers. Circuit breaker lock-out pin shall prevent tampering with circuit breaker switches while retaining circuit breaker functionality. Power strip shall mount using included quick-clip hardware. Power strip shall be warranted to be free from defects in material or workmanship under normal use and conditions for a period of three years. Power strip shall be UL Listed in the US and Canada.

OPTIONS

- Model # PB-5A mounting brackets shall accommodate the mounting of vertical power strips to rackrail of any rack
- Model # PB-DWR mounting bracket shall accommodate the mounting of vertical power strips to rear rackrail of Middle Atlantic Products DWR & SR series wall racks
