

Calisto™ Pro Series

No wires. No hands. All business.

No ordinary home office phone system, the Plantronics Calisto™ Pro Series lets you stay connected hands-free in your home office and beyond.

- Communicate, hands-free, wherever you want—at the touch of a button, your Calisto Pro Series headset switches between your landline, VoIP, and even Bluetooth® enabled mobile phone calls.
- Talk while you e-mail or make coffee, it's your call. Compact landline handset features DECT™ 6.0 frequency with up to 300-foot interference-free range, built-in speakerphone, and flip-up waist clip for "on the go" dialing and Caller ID viewing.
- Download up to 200 Microsoft® Outlook® contacts with up to three numbers each into your Calisto Pro Series handset.
- Enjoy Plantronics' legacy of superior sound, ergonomic comfort, and intuitive design for the home office professional.
- Bring your Calisto Pro Series headset along with your Bluetooth mobile phone when business takes you on the road.

Home phone with multi-function Bluetooth® headset. Stay connected hands-free on landline, VoIP or mobile calls.
