

HUBBELL iStation AV Modules, 110 RCA Component Video

iSTATION™ Front-Loading Footprint.

Seamless Hubbell System Integration.

Transmit HD Video Signals.

110-Style Termination (UTP).

Standard 110-style termination.

Deliver component AV signals.

High impact, flame-retardant Polymer.

SPECIFICATIONS

- ◆ **Connector:**
 - Connector Body: Brass.
 - Plating: Nickel 100μ"
 - Contact: Nickel over Phosphorous Bronze
- ◆ **Performance:**
 - Distance: Component Video: Maximum 75'
 - Mating Cycles: 500+
- ◆ **Material:**
 - Module: Flame-retardant Polymer UL 94V-0.
- ◆ **Insulator Color:** Red, Green and Blue.

Hubbell's iSTATION™ 110 Component RCA modules deliver high quality HD Video signals to any workstation or transmitting/receiving device. The Component RCA 110 modules utilize UTP cable (category 3, 5, 5e, 6, 6A) to deliver component video signals within a horizontal point-to-point run.

iSTATION™ Component RCA 110 modules are available in 7 standard colors and front loads into any iSTATION™ product, Hubbell Delivery System products including poke-throughs and surface raceway or UDX iSTATION™ multimedia panels to distribute composite signals. Requiring no soldering, these connectors install with a snap.

Create a customized multimedia work station by adding an iSTATION™ 110 Component RCA module along with Hubbell's extensive line of AV connectors, loaded modules and XCELERATOR™ jacks.

CABLE TERMINATION

- Cable Type:**
- 110 IDC's: 24 AWG UTP, Cat 3, 5, 5e, 6, 6A.
 - RCA: Male RCA Plug (patch cord).

APPLICATIONS SUPPORTED

- Component HD video distribution.
- TV, CCTV, CATV and satellite.
- Home theater and entertainment systems.
- Cameras, camcorders and projectors.
- Security and surveillance systems.

CONNECTOR TERM

RCA Connector: The standard connector used in line-level consumer and studio sound equipment. RCA connectors supply unbalanced signal and are used in almost all systems and between almost all audio/video components. They are used for inter-connecting Composite, Component and Digital coaxial audio video signals.

INSTALLATION TIPS

Termination: IDC side of connection is a 110 style punch down. Place the module into the termination puck before lacing/termination for stability. Simply lace in pair 1, 2 and 4 of UTP into the designated areas of the 110 IDC block. The key practice is to use the same pair/pairs on each side of the horizontal run. Also use the same pair color combinations for each application (Composite, Component, Left and Right Audio, 3.5mm and S-Video).

iSTATION™ 110, RCA Component AV Modules

See RCA Insulator Color Chart below for applications.

Description

Catalog No.

RCA (3) Component, 110-Style Module

IMCR1101XX

XX = Color: "AL" = Almond; "BK" = Black; "EI" = Electric Ivory; "GY" = Gray; "LA" = Light Almond; "OW" = Office White; "W" = White.

RCA INSULATOR COLOR: APPLICATIONS

Color	Audio	Video
Red	Right Signal	Component - Red (Pr/Cr)
White	Left Signal	
Yellow		Composite
Blue		Component - Blue (Pb/Cb)
Green		Component - Green (Y)
Black	Mono/Right	
Orange	Digital (S/PDIF)	Digital (S/PDIF)
