

Freedom from Headset Hassles.

The right headset means a better workday for everyone.

Call center managers know that a good headset means a happier agent, greater productivity and fewer problems overall. Passport headsets were made to make your life easier with improved sound, increased comfort and fewer repairs.

Headsets that work as hard as you do.

Passport headsets are made with the same impact resistant plastic used in sports equipment to withstand the turbulence of 24/7 operations. The ultra-comfortable fit means all-day-wear is stress free. The noise canceling microphone blocks out the sound of surrounding agents for a more professional sounding call. Passport headsets were made to handle the intense requirements of today's contact center.

Passport 20-V

Passport 10-V

Compatible with VXI quick disconnect lower cords.

Benefits & Features

- Single-ear or dual-ear wearing styles
- Noise canceling microphone greatly reduces background noise for a more professional sounding call
- Durable components for long product life
- Adjustable ratchet headband for secure, comfortable fit
- Left or right side microphone placement
- Flexible "gooseneck" microphone boom easily adjusts and stays in position for consistent voice input
- Unconditional two-year warranty
- Competitively priced

TRANSMIT SPECIFICATIONS

Microphone: Noise canceling electret
Ambient noise suppression: 13db @ 1kHz, typical
Output impedance: 1.8k Ohms typical
Sensitivity: -44dB @ 1kHz (defined 1" from talk-side, 82dB SPL)
Frequency response: 20Hz to 15 kHz.
Operating Current: 320 mA max.
Operating Voltage: DC 1.0V min. to 20V max.

RECEIVE SPECIFICATIONS

Speaker: Dynamic; 36mm diameter
SPL: 90db @ 1kHz, 0.55V input
Impedance: 300 Ohms
Frequency response: 200Hz to 5 kHz
Rated input: 10mW continuous, 100mW peak

MECHANICAL SPECIFICATIONS

Cables: Standard wire, PVC insulation, polyurethane jacket
Connectors: Gold-plated; quick disconnect
Microphone boom: Flexible with positioning memory; swivels 300 degrees; left or right ear placement
Headband: Nylon plastic, #316 stainless;
