

QuickPort® Recessed Patch Panels

APPLICATION

Leviton's QuickPort Recessed Patch Panels are compatible with all QuickPort modules to maximize versatility with a variety of media applications and enable easy upgrades. Recessed Patch Panels are ideal for use in applications where the back rail is positioned close to the rear doors, or in applications with minimal front depth, in front of the panel. Unique side supports allow patch cord management in front of, or behind the back rails.

FEATURES

- Screwless rear cable management bar
- White, write-on blocks and port numbers for port identification

STANDARDS COMPLIANCE

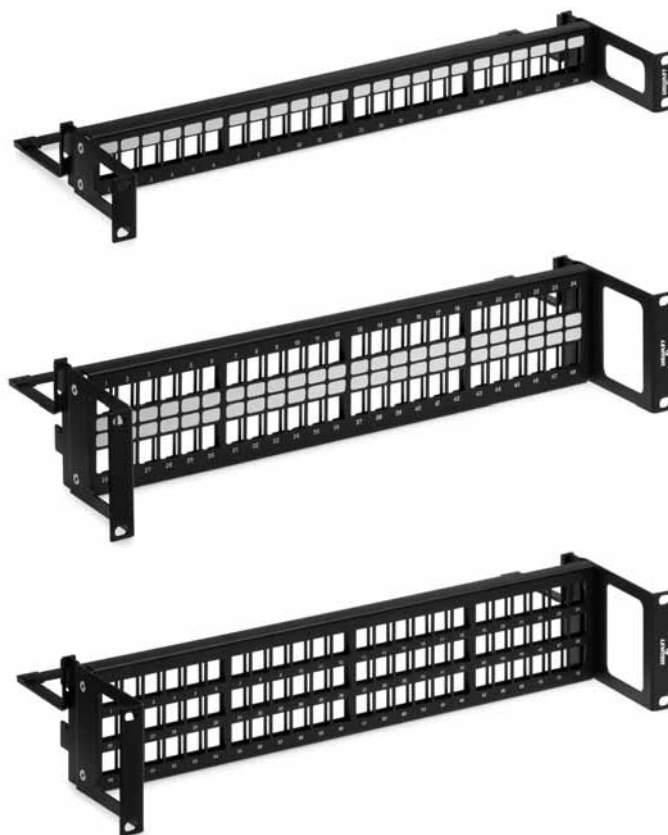

Meets or exceeds all applicable standards: UL listed, CSA Certified; complies with TIA/EIA-568-A.

PHYSICAL SPECIFICATIONS
