

## Product Bulletin for Plug-in Digital Indoor Timers

## Plug Into the Ease and Security of Our New Digital Indoor Timers

New plug-in digital indoor timers are great for on/off control of your home's lamps, portable fans, holiday lights and more. The user-friendly design is easy to program and shows the timer settings at a glance. Compatible with incandescent and energy smart CFL bulbs, our timers give you the flexibility to vary lighting for a lived-in look while you're away or to automate everyday tasks. All timers have uniform programming and appearance – program one and you can program all – plus a battery backup. They are a smart choice for any home.

Sold by:

## We've Got Timers for Every Need

The Vizia +® 24-Hour Timer coordinates with the plug-in timers and programs the same way. It's perfect to control indoor/outdoor lighting, fans and pool pumps.

The Decora® Countdown Timer is great for controlling bathroom fans to reduce excess moisture. Check out our complete selection of programmable and preset timer switches at [leviton.com](http://leviton.com).
