## FIBEROPTIC JACKET STRIPPER

FJS-2

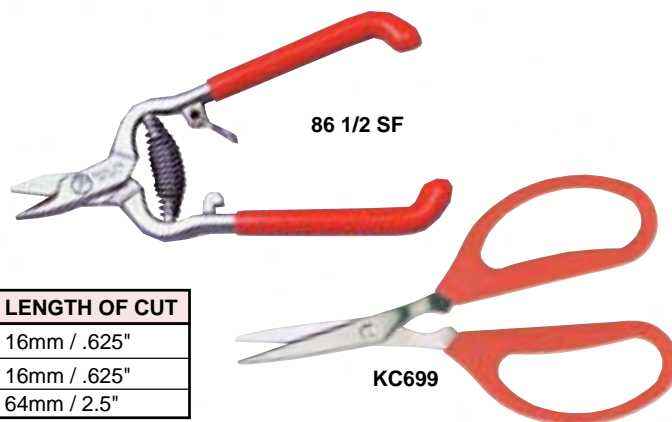

The FJS-2 Fiberoptic Jacket Stripper removes the outside jacket from fiberoptic cable. Two stripping notches, one with a cutting diameter of 1.25mm and one with a cutting diameter of 1.50mm, can be used on 2.0mm and 3.0mm cable. The 1.50mm notch works especially well on loose tube cable. It is easy to use and always leaves a clean strip.

STOCK NO.	DESCRIPTION	FULL LENGTH
FJS-2	For 2.0mm dia. and 3.0mm dia. cables	127mm / 5"

## HIGH-LEVERAGE KEVLAR® SHEARS

With a non-slip serrated blade on each model, the Clauss 86 1/2S, 86 1/2SF, and KC699 provide the solution for trimming back the DuPont Kevlar® that serves as the central strength member in optical fiber. The 86 1/2S and 86 1/2SF are made of hot-forged, high-carbon steel for long life. Each tool has a quick action spring response so the tool is ready when you are. High leverage provides powerful cutting action. Model No. 86 1/2SF has optional red, cushioned grips. The KC699 is a value-priced tool and has soft, cushioned, oversized bows for operator comfort. Blades are hardened stainless steel.

86 1/2 SF

KC699

STOCK NO.	FULL LENGTH	LENGTH OF CUT
86 1/2S	165mm / 6.5"	16mm / .625"
86 1/2SF (cushioned grips)	165mm / 6.5"	16mm / .625"
KC699	184mm / 7.25"	64mm / 2.5"

## FIBEROPTIC SCRIBES

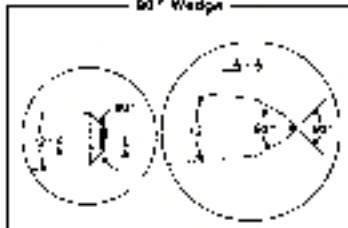

### DIAMOND-TIP SCRIBE

Part No. DS-60-C  
60° Conical

Part No. DS-90-W  
90° Wedge

Quality fiberoptic scribes featuring a protective retractable barrel with pocket clip and a stainless steel mounted diamond tip in your choice of conical or wedge shapes.

These scribes are specially made for the "scratch and pull" technique of scribing optical fiber. The wedge shape provides a more durable edge.

STOCK NO.	DESCRIPTION	FULL LENGTH
DS-60-C	60° Cone Angle-Diamond Tip Retractable Scribe	137mm / 5.375"
DS-90-W	90° Wedge-Diamond Tip Retractable Scribe	137mm / 5.375"

### CARBIDE-TIP SCRIBE

#### THE SCRIBE THAT YOU NEED FOR SIMPLE FIBER TERMINATION!

The Clauss Model No. CS-30-W is a 30-degree wedge-tip carbide scribe 3.8mm wide for long life and simple fiber termination.

Housed in a rugged, anodized aluminum casing 112mm long and 25mm in diameter, the CS-30-W fits comfortably in either hand and in your pocket or tool kit.

The CS-30-W includes a convenient pocket clip and soft, brightly colored, protective "Squeeze and Pull" cap for easy and quick tool selection.

It's precision crafted in the U.S.A. and a great tool for your fiber termination work.

STOCK NO.	DESCRIPTION	FULL LENGTH
CS-30-W	30° Wedge-Carbide Tip	112mm / 4.375"
