

Clauss® **SOFTY® ANTI-STATIC DISPOSABLE WORK MATS**

PROTECT DELICATE ASSEMBLIES AND EXPENSIVE WORK SURFACES

- Cushioned surface protects delicate assemblies.
- Make small parts handling easier and quicker.
- Inexpensive and DISPOSABLE!
- Perfect for covering and preventing damage to expensive, permanent work surfaces.
- Anti-static and free from contamination.
- Depress easily to give tools a sure grip on parts.
- Backing is non-slip, even on smooth glass.
- Will not put carbon into the atmosphere.
- Can be cleaned with soap and water without affecting their anti-static quality.
- Available in two sizes of mats or rolls.

(Not intended for food or drug use.)

- Surface resistivity $10^{10} - 10^{11}$ ohms/sq.
- Meets DOD-STD-1686 for anti-static material.
- Meets DOCF1-70 test for flammability.

STOCK NO.	SIZE	PACKAGING
M11 White	11" x 14"	1 box of 10 mats
Bulk	(279mm x 356mm)
