

Network-Based Communication

& Security Control

IS Series

More than just an Intercom.

- Unlock doors remotely on a network
- Assist onsite visitors from any offsite phone
- Program daily bulletins & bell schedules
- Broadcast emergency announcements
- Communicate using a PC Master Station

Controlling Security

Offsite Control

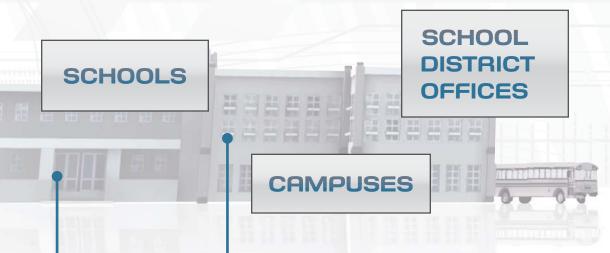

The IS Series provides the power to identify or help individuals from another location, whether it is next door, across town, or on the other side of the world.

After Hours

When a building has been locked down for the evening, it does not mean it is unoccupied. Secure the building while still being able to communicate with those who might need access or assistance.

Video Identification

The IS Series video door stations feature a 170° wide angle camera with PanTilt & Zoom control, offering more flexible options for station installation and positioning.

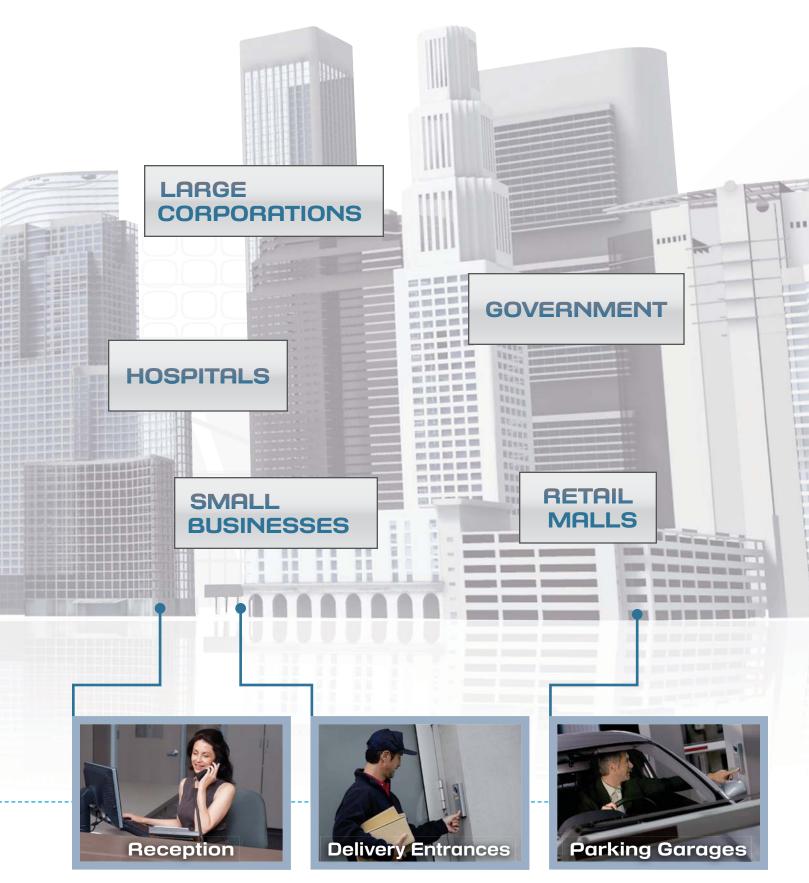

Protect staff by giving them the advantage to safely confirm the identity of visitors and vendors before granting access into the building.

Broadcast messages throughout the school or to a particular classroom with the choice of either a hands-free or handset reply.

Communicate easily with offices anywhere in the world using standard or PC master stations. Avoid long distance phone charges.

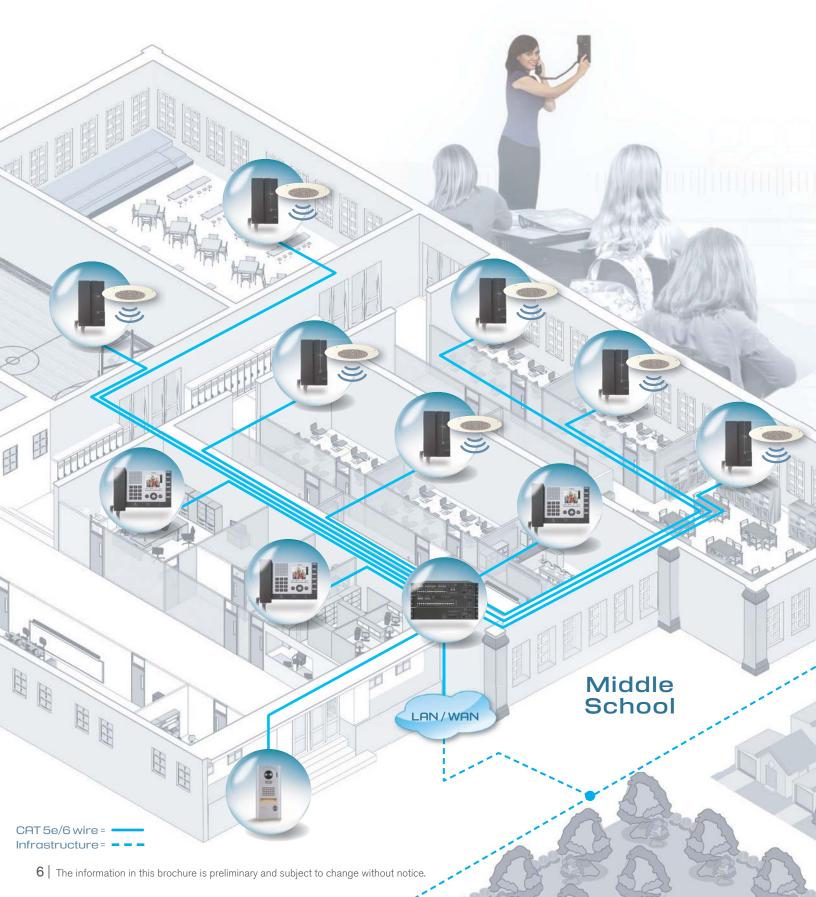

Increase staff efficiency by controlling various entrances from a central location. Easily transfer responsibilities to another location or individual.

Identify and communicate with individuals at remote locations to determine if their access into the building is legitimate.

Assist visitors and monitor multiple garage entrances from remote locations during or after hours.

Building Security

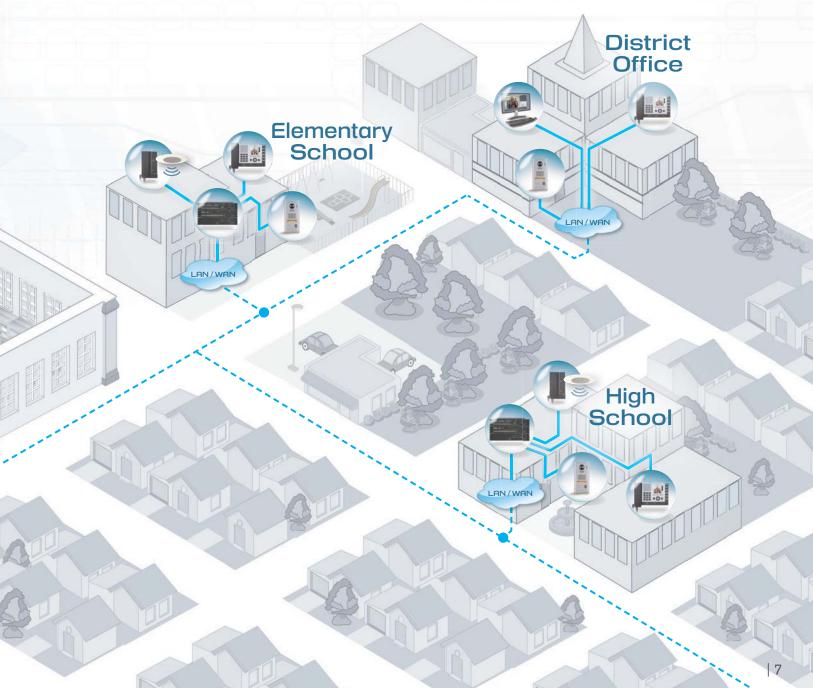

School districts, businesses or multi-building facilities can improve efficiency and decrease costs with centralized security and communication.

Connect Multiple Schools within a District

- Identify visitors from one school to another Install video door stations at entrances to maintain security all day on campus. Keep doors locked while safely identifying visitors.
- Announce emergencies from any office on the network Should a problem arise in the community, schools may be quickly alerted to external threats, even from across town.
- Communicate with classrooms or exterior buildings

 A room station and an overhead speaker allow for easy communication between offices and faculty around the school or district.

IS Series Components

Per System 32 Systems TOTAL Globally

160

Door & Sub Stations - up to 160 units

IS-DV

Video Door Station

- · Dry contact for door release
- Digital PanTilt & Zoom (PTZ) color video camera
- 170° viewing area
- · Call button to alert master station(s)
- Weather & Vandal resistant
- For indoor or outdoor use
- · Zinc die cast case
- Surface mount
- Connects using CAT 5e/6 cable 8-1/2" H x 4-3/16" W x 1-1/8" D

IS-DVF

Video Door Station

- Dry contact for door release
- Digital PanTilt & Zoom color video camera
- 170° viewing area
- Call button to alert master station(s)
- Weather & Vandal resistant
- For indoor or outdoor use
- · Stainless steel
- Flush mount
- · Connects using CAT 5e/6 cable

10-7/16" H x 5-15/16" W x 1-5/8" D

IS-SS

Audio only Door Station

- Dry contact for door release
- Call button to alert master station(s)
- Weather & Vandal resistant
- For indoor or outdoor use
- Stainless steel
- Flush mount
- Connects using CAT 5e/6 cable

10-7/16" H x 5-15/16" W x 1-5/8" D

Audio only Room Sub Station

- Dry contact
- Handset for privacy or hands-free VOX communication
- 8Ω output to speaker
- · Call button to alert master station(s)
- · For indoor use only
- Wall mount
- Connects using CAT 5e/6 cable

7-1/8" H x 4-5/8" W x 2-1/16" D

160

Master Station - up to 160 units

- hands-free VOX communication
- Door release button
- PTZ & brightness control
- 6 speed dial buttons
- Wall or desk mount (stand included)
- Connects using CAT 5e/6 cable

7-½" H x 9-¾" W x 2-¾" D

Room Stations - up to 960 units

Audio only Room Sub Station

- Dry contact
- Handset for privacy or hands-free VOX communication
- · Call button to alert master station(s)
- For indoor use only
- Wall mount
- Connects using CAT 5e/6 cable

7-1/8" H x 4-5/8" W x 2-1/16" D

IS-SS

Audio only Door/Sub Station

• Dry contact for door release

- Call button to alert master station(s)
- Weather & Vandal resistant
- For indoor or outdoor use
- · Stainless steel
- Flush mount
- Connects using CAT 5e/6 cable 10-1/16" H x 5-15/16" W x 1-5/8" D

Expandable to 32 Systems for a total of 1,024 IP addressable devices.

Contact your local sales representative or Aiphone Tech Support for complete system details.

IP Stations - up to 32 Units*

IS-IPDV

IP Addressable Video Door Station

- Dry contact for door release
- Digital PanTilt & Zoom color video camera
- 170° viewing area
- Call button to alert master station(s)
- Weather & Vandal resistant
- For indoor or outdoor use
- Zinc die cast case
- Surface mount
- Uses PoE (802.3af) or 24V DC
- power supply (PS-2420UL)

8-1/2" H x 4-3/16" W x 1-1/8" D

IS-IPDVF

IP Addressable

Video Door Station

- · Dry contact for door release
- Digital PanTilt & Zoom color video camera
- 170° viewing area
- Call button to alert master station(s)
- Weather & Vandal resistant
- For indoor or outdoor use
- · Stainless steel
- Flush mount
- Connects using CAT 5e/6 cable Connects using CAT 5e/6 cable
 - Uses PoE (802.3af) or 24V DC power supply (PS-2420UL) 10-7/16" H x 5-15/16" W x 1-5/8" D

IS-IPMV

IP Addressable

- Master Station • 3.5" LCD color monitor
- Handset for privacy or handsfree VOX communication
- Door release button
- PTZ & brightness control
- 6 Speed dial buttons
- Wall or desk mount (stand included)
- Connects using CAT 5e/6 cable
- Uses PoE (802.3af) or 24V DC power supply (PS-2420UL)

7-½" H x 9-¾" W x 2-¾" D

IS-SOFT

IP Addressable **PC Master Station**

 Virtual master station with intuitive graphical interface

- Same user features as IS-MV/IPMV, including door release, PTZ, brightness control, and speed dial
- Records video to computer or NVR
- Compatible with Windows® XP, Windows® Vista, or Windows® 7

Control Units

IS-CCU

Central Control Unit

- 4 Door/Sub Stations (IS-DV, IS-DVF, IS-SS. IS-RS)
- 4 Master Stations (IS-MV)
- 2 IS-SCU's
- 4 IS-RCU's
- Up to 8 total IS-CCU's per system
- Rack mountable (2U required)
- · Browser based set up program
- Uses 48V DC power supply (IS-PU-UL)
- 3-3/8" H x 18-15/16" W x 11-1/16" D

IS-RCU

Room Station Control Unit

- 30 Room/Door Sub Stations (IS-RS/IS-SS)
- Up to 4 total IS-RCU's per IS-CCU
- Rack mountable (2U required)
- Uses 48V DC power supply (IS-PU-UL)

3-3/8" H x 18-15/16" W x 11-1/16" D

IS-SCU

Add-on Control Unit

- 8 Door/Sub Stations (IS-DV, IS-DVF, IS-SS. IS-RS)
- 8 Master Stations (IS-MV)
- Up to 2 total IS-SCU's per IS-CCU
- Rack mountable (2U required)
- Uses 48V DC power supply (IS-PU-UL)
- 3-3/8" H x 18-15/16" W x 11-1/16" D

IS-IPC*

IP Control Unit

- Connects 1 IS-CCU or 1 IS-RCU to a wide area network
- Up to 8 total IS-IPC's per system
- · Rack mountable (2U required)
- Uses 48V DC power supply (IS-PU-UL)

3-3/8" H x 18-15/16" W x 11-1/16" D

*1 IS-IPC uses 1 of the 32 IP Addresses in a system

Power Supplies

IS-PU-UL

Power Supply
• 48V DC, 2A

- UL Listed
- Required for every one IS-CCU, IS-SCU, IS-RCU, or IS-IPC

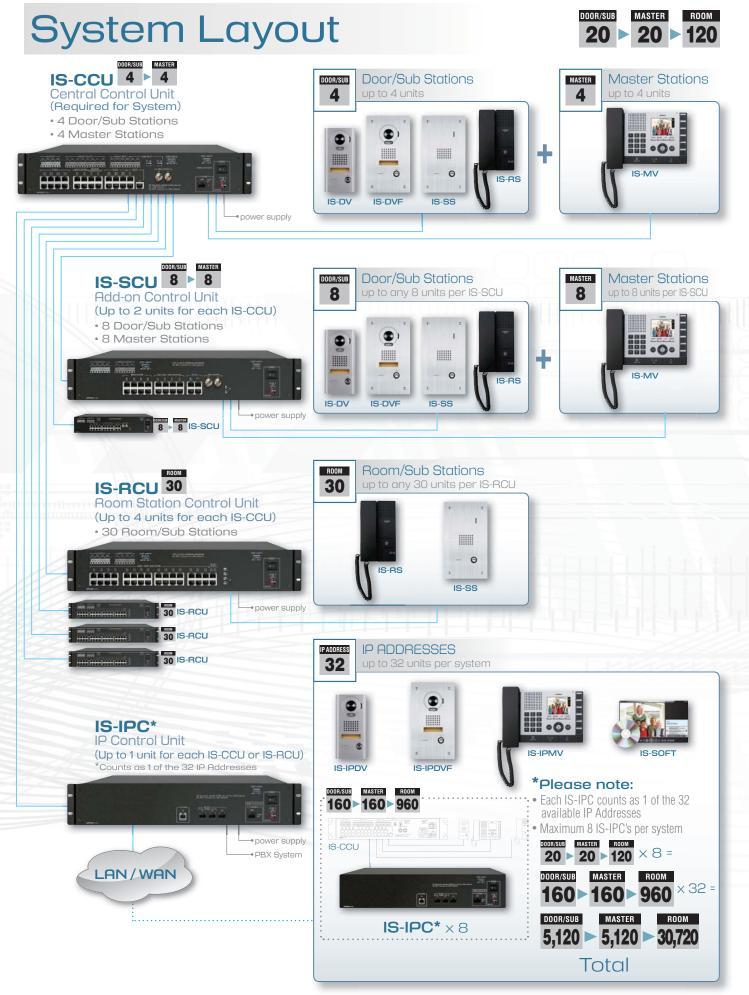

PS-2420UL

Power Supply

- 24V DC, 2A

- Optional for every one IS-IPDV, IS-IPDVF, or IS-IPMV

IS Series Features

Schedule Bells & Announcements

Program daily announcements by day, week, month, or year. Create different schedules for holidays, breaks, or after hours.

Customize Sounds

Pre-record or load up to 15 messages or sound tones.

Forward Failed Calls Automatically

If a master station is not answered, have the call forwarded to another master or an outside phone number, like 911.

Emergency Broadcasts Create areas and zones to easily broadcast emergency announcements quickly.

Transfer Video Calls

Call-ins from a video door station can be transferred to any standard or PC master station on the network for easy identification.

Browser Based Set-up

Use a simple browser to jump online and set-up, change, or customize the IS Series.

170° viewing angle

The IS Series features a wide angle camera with PanTilt & Zoom function.

Create Unique System Settings

Save system settings, then export and upload them to another system.

Control Units —

Central Control Unit

Accommodates:

4 Door / Sub Stations,

4 Master Stations 2 IS-SCU's, 4 IS-RCU's, and 1 IS-IPC

IS-SCU

Add-on Control Unit Accommodates: 8 Door / Sub Stations and 8 Master Stations

Room Sub Control Unit Accommodates: 30 Room / Sub Stations

IP Control Unit Accommodates: 1 IS-CCU or 1 IS-RCU (up to 8 IS-IPC's per system)

Specifications

Power Source IS-CCU, IS-SCU, IS-RCU, IS-IPC: 48V DC - Use IS-PU-UL

IS-IPDV, IS-IPDVF, IS-IPMV: 24V DC - Use PS-2420UL or Power Over Ethernet (802.3af)

Interface: 10 BASE-T / 100 BASE-TX Ethernet, Protocol: TCP, UDP, SIP Network

Bandwidth 320Kbps to 8Mbps

Software Processor: 2GHz or faster, RAM: minimum 1GB, Storage: 10MB or more (additional memory required

> for movie recording), Sound Card: 8-bit full duplex - DirectSound compatible, Display: 1024 x 786 or higher, Runtime: Microsoft® .NET framework 2.0 or later, Network: Wired 100Base-TX recommended

Operating System: Windows® XP (SP3), Windows® Vista (SP1), or Windows® 7

Connections RJ45 (10/100Mbit Ethernet), RS-232 compliant

Calling Chime, image, and audio approx. 45 sec.

Video Monitor 3-1/2" direct-view TFT color LCD

Min. Illumination 5 Lux at 1' distance

Night Viewing Up to 1' from camera, with white LED projected

Door Release Contact rating: 24V AC/DC, 500mA
