AIPHONE DB Series

Hands-free Two-Wire Door Answering System

Audio Door Entry You Can Count On

Easy to install and simple to use, the DB Series protects private homes and apartments.
For an ideal audio door entry solution, use Aiphone's DB Series !

Hands-Free Communication in Any Place

With the DB Series' compact design, it can fit anywhere in your home. Hands-free communication is convenient for anyone to use.

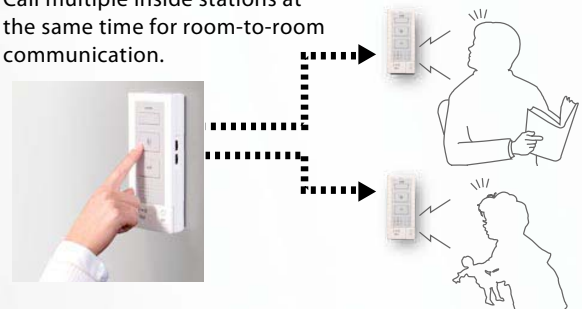

Up to 5 Inside Stations With Room-to-Room Communication

Unable to answer your door from the Master station? No problem! Talk with visitors from anywhere in your home with up to 4 additional Sub master stations. Inside stations can be used for room-to-room communication.

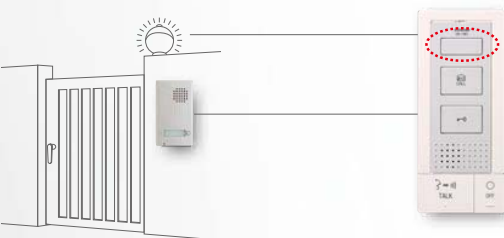

Call multiple inside stations at the same time for room-to-room communication.

Option Button

Use the Option button to control an external device, such as an entrance light.

Chime Sound

Just a press of the Call button of Door station rings the chime continuously for appropriate time (approximately 4 seconds).

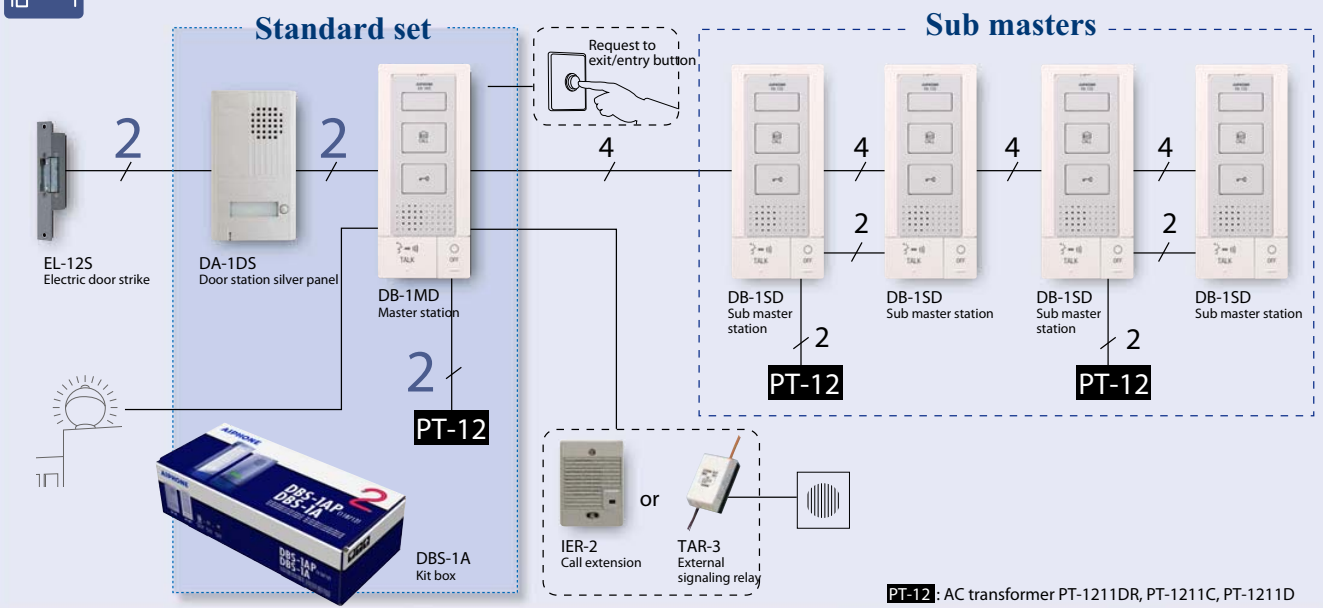

2-Wire System for Simple Installation

With the easy to install two-wire system, use the DB Series to replace your door bell.
