Cable Lashing Bracket Kit

Attaches to the cabinet frame and provides multiple tie points for cables. Secure cables to the bracket using Saf-T-Grip Straps or cable ties. The kit includes two half-height brackets with U-shaped cable tie points and installation hardware. Select from two widths. The 5" (125 mm) wide version has two vertical columns of tie points for cables and requires a 6.75" (172 mm) rail setback. The 10" (250 mm) wide version has three vertical columns of tie points for cables and requires an 11.75" (299 mm) rail setback. The 10"W (250 mm) cannot be used in 800 mm deep cabinets.

Cable Ring Kit

The Cable Ring Kit includes eight plastic D-rings that snap onto the equipment mounting rails inside the cabinet creating a vertical pathway for cables. Each rail can support eight rings. Select the kit to match cabinet width. There are two ring sizes (depths) for the 750 mm and 800 mm wide cabinets. Mounting rails in the 600 mm wide cabinet must be setback a minimum of 5.5" (140 mm) to provide clearance for the cable rings. Mounting rails in the 750 mm and 800 mm wide cabinets must be setback a minimum of 5.0" (127 mm) to provide clearance for medium cable rings and 10.0" (254 mm) to provide clearance for large cable rings. Cable Ring Kit cannot be used with Vertical Cable Managers (P/Ns 25110-70X, 25120-70X) or Rail Seal Kit (P/Ns 25250-70X, 25252-70X).

Full Height PDU Bracket

Attaches to the cabinet frame and provides two attachment points for vertical power distribution units (PDUs) or power strips for cabinets and multiple tie points for power cables. Use with CPI vertical PDUs for cabinets that are 68.5"H (1740 mm) or 70.5"H (1791 mm). Tool-less PDU attachment points are located 64.75" (1645 mm) and 61.25" (1556 mm) apart. The bracket supports two 2.4"W (61 mm) or narrower PDUs or power strips side-by-side or one 4.9"W (124 mm) PDU. The bracket is 5.2" (132 mm) wide and requires a 7.5 inch (191 mm) rail setback.

Part Number	Description	Shipping Weight lb (kg)
25221-701	5"W (125 mm) Bracket for 42U Cabinet	16 (7.3)
25221-702*	10"W (250 mm) Bracket for 42U Cabinet	16 (7.3)
