MIGHTY MO® CABLE MANAGEMENT SYSTEM

The patented Mighty Mo advanced racking system is specifically designed for higher density cabling system applications such as data centers, SANs, and main cross connect areas. It is easy to assemble and offers many configuration options, extra vertical cable capacity, and other functional and aesthetic elements. The Mighty Mo system features an innovative vertical management "cage" with individual 1-rack unit fingers and a double-hinged door. Horizontal cable managers, available with covers, are designed to match the layout of Ortronics® Clarity® patch panels. Mighty Mo racks and accessories work together to mount, manage and organize virtually any structured cabling equipment and provide a unified, streamlined look.

Choose from the new Mighty Mo 10 rack, specifically designed to improve airflow in data centers, or the Mighty Mo 6 for standard LAN applications.

- Patented channel construction has built-in strain relief, bend radius control, and cable routing with floor and ceiling access to distribution cables
- Top trough with built-in waterfall provides bend radius control and efficient patch cable routing
- Vented double hinged front and rear doors are available for additional security on Mighty Mo 6 and Mighty Mo 10 racks
- Can be assembled as a 19" or 23" rack. No additional hardware required; no need for two sizes of racks
- Unless otherwise noted, all Mighty Mo 6 and Mighty Mo 10 components are compatible with both racks

Mighty Mo 10 Cable Management Racks

Mighty Mo 10 racks are designed to maximize the airflow of network equipment. Honeycomb side rails and baffles combine to manage intake and exhaust air, creating cold aisle/hot aisle air distribution from side vented equipment. The bottom flange turns inward, allowing it to fit on a 2'x2' floor tile. Black.

PART NO.	DESCRIPTION
OR-MM10716	16.25" channel depth, 7', high, black, 45 rack units
OR-MM10816	16.25" channel depth, 8', high, black, 51 rack units

NOTE: Static capacity 1,500 lbs. Assembly required. Patent pending

Mighty Mo Speednut
Faster Assembly!
Included with every Mighty Mo cable management rack! The Mighty Mo Speednut increases the speed and ease of assembly while adding extra strength to your racks. Hold the Speednut behind the rack while hand-tightening the bolts in front. Speednut eliminates the need for a second wrench!

Mighty Mo 10 Server Rack

The Mighty Mo 10 Server Rack works with all of the Mighty Mo 6 and 10 racks and cable management. The mounting rails adjust from 12.5" to 30", independent of the structural members allowing the rails to be adjusted after the rack is installed. Mighty Mo vertical managers can be mounted front or rear. Black.

PART NO.	DESCRIPTION
OR-MM107SVR	Four-post aluminum frame, supplied with 50 #12-24 cage nuts and screws, 45 rack units, 7'H
OR-MM107SVRABR	Server rack baffle rail for mounting 16.25" airflow baffles to 7' server rack when rails are spaced at 30"
OR-MM108SVR	Four-post aluminum frame, supplied with 50 #12-24 cage nuts and screws, 51 rack units. 8'H

NOTE: Static capacity: 1,500 lbs. (evenly distributed) Assembly required.
