

Ceiling Speaker Assemblies

S86T725PG8W & Variations

S810T725PG8W & Variations

Bogen's 8" cone speakers (S86 and S810) are available pre-assembled onto a steel ceiling grille painted with white enamel (PG8W). Options for these assemblies are recessed volume control (VR), volume control with knob (VK), and rear-mounted screw terminal strip for power taps (BR).

Product Features:

- 4-watt capacity
- 8" cone speaker for excellent audio quality
- 6 different power taps available (4, 2, 1, 1/2, 1/4, 1/8 W)
- T725 4-watt transformer
- Pre-assembled for faster installation
- White enamel over steel grille
- Works with both 70V and 25V amplifier outputs
- Available with volume controls – recessed or with knob (VR and VK models only)
- Screw terminals (BR models only)
- 6 oz. or 10 oz. magnet weights

Dimensions: 13" Dia. x 3-1/4" D
