

# Delivery Systems

Work Surface Connectivity Boxes

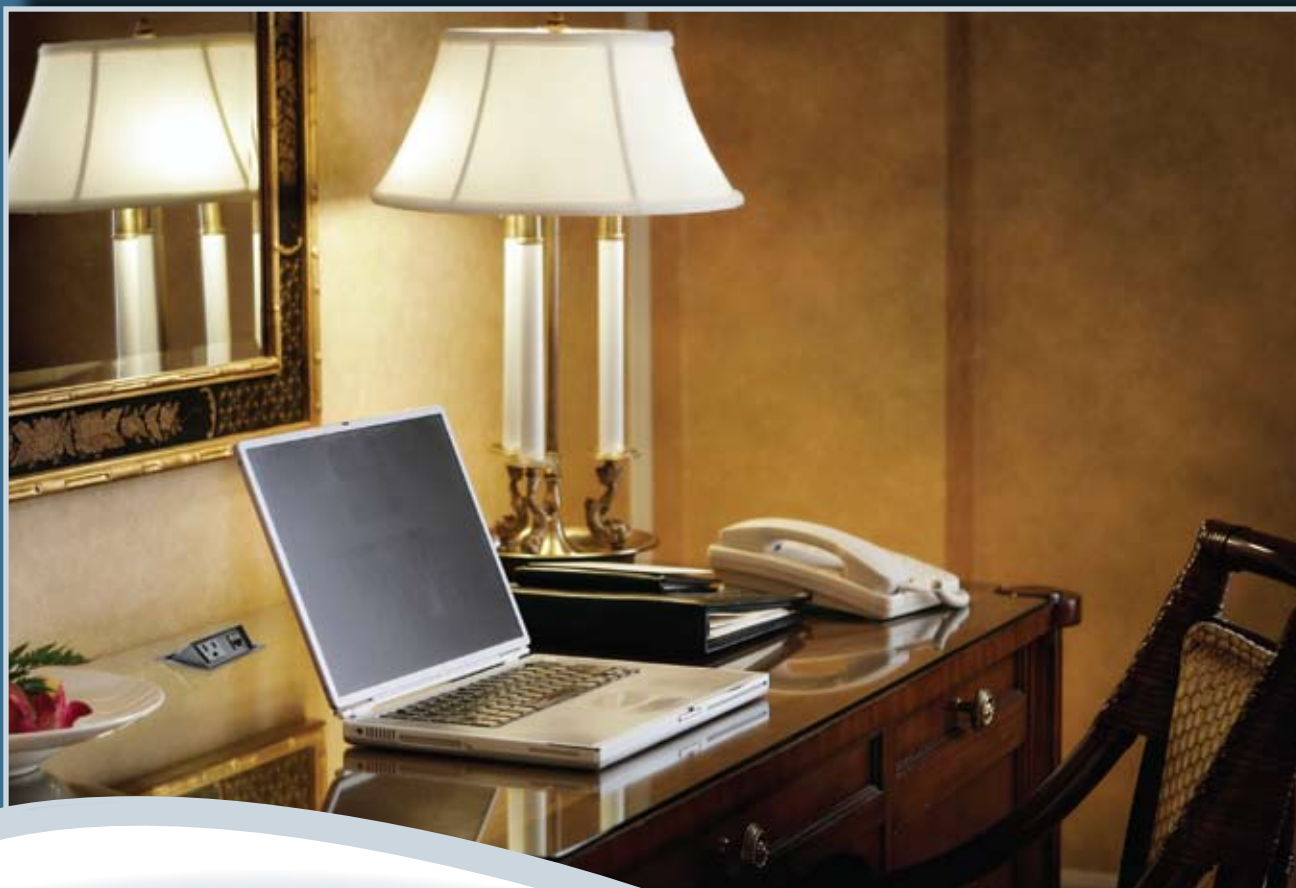

Delivering Power and Data  
to the Work Surface

## Pre-Wired Work Surface Series

The Hubbell Work Surface Series products deliver power and low voltage services to the work surface. An open architecture design allows keystone jacks or Hubbell iSTATION™ connectivity to configure specific needs for AV and multi-media, making them the perfect solution for kiosks, work stations and hospitality applications.

Multiple finish options to match any style or décor. All models in the Work Surface Series are pre-wired for easy installation.
