

WPP-331-F TELEPHONE

Weatherproof, Vandal Resistant, Rugged Telephones Built to Last

CEECO model WPP-331-F is a Weatherproof Telephone equipped with a metal button alpha-numeric keypad, DTMF tone dialer, chrome plated mechanical hookswitch and cradle. It is enclosed in a rugged cast aluminum housing built to withstand adverse weather conditions. The telephone panel is made of 16 gauge stainless steel to eliminate rust and corrosion, and the electrical components are moisture proof. The zinc die cast, marine quality, chrome plated dial is also designed to endure weather and vandalism. Gold plated contacts ensure long term electrical integrity, and the solid state circuitry has built-in surge protection. Conductive rubber technology eliminates leaf springs, exposed contacts, and prevents contamination from dust, moisture, corrosives, and solvents.

MECHANICAL DIMENSIONS

FEATURES

- Designed for Rugged Outdoor Environments
- Weatherproof Cast Aluminum Housing

301-581	Tongue and Bracket Assembly
301-570	Microswitch
301-018	Modular Cord
301-005	Ferrule
301-054-UL	Modular Connector (RJ11C)
331-006	Security Screws
331-005	Weatherproof Enclosure with Door
SSP-311-F	Replacement Panel Telephone without Enclosure

WARRANTY POLICY

GENERAL

CEECO guarantees its products to be free from defects in material and workmanship for a period of 365 days from the date of original purchase. CEECO's obligation under this warranty is limited to repair or replacement of any part found to be defective by CEECO.

UNDER NO CIRCUMSTANCES shall CEECO be liable for loss, damage, cost of repair or consequential damages of any kind, which have been caused by neglect, abuse or improper operation of equipment.

CEECO will repair or replace any unit during this period if found to be defective for reasons other than abuse and improper use or improper installation. It is the buyer's responsibility to return the defective unit to the factory. CEECO will then repair or replace any defective parts and return them to the buyer free of charge.

REPAIR POLICY

WARRANTY REPAIR

Any device returned requiring warranty service, repair or credit must be accompanied with a "Return Material Authorization" (RMA) Form. It must include: RMA Number, return shipping instructions, original purchase order number, serial number and special marking instructions. A tag with the trouble observed must be attached to the defective unit. This information must be inside the shipping container.

NON-WARRANTY REPAIR

CEECO will repair equipment out of warranty for a set charge plus parts. The customer must pay the shipping costs both directions.

CEECO has been providing telecom solutions since 1930. Our vandal resistant technology focuses on providing public communication solutions while reducing replacement and repair costs, lowering the customer's total cost of ownership. CEECO also offers custom design and branding to your specifications.

Our commitment to providing expert service and support extends beyond the warranty of our product. We offer service for the life of the product! CEECO is devoted to giving you the quality and service you deserve.
