

# Vxi V150 Wireless Headset System

## Handle the call from anywhere in the office.

The V150 frees you from your desk, so you can check with a co-worker or grab a file while you're on a call. Add the Electronic Hook Switch and you can answer and end calls, no matter where you are.

Over-the-ear

Behind-the-neck

Over-the-head

- Enjoy 300 feet of great-sounding wireless freedom.
- Talk all day on a single charge (up to 10 hours).
- Be heard clearly with the industry's best noise canceling—guaranteed.
- Control volume and answer, end, or mute calls right from the headset.
- Choose your wearing style: headband, earhook or neckband.
- Answer and end calls remotely (with optional Electronic Hook Switch).

**One-touch controls** for volume, mute, call waiting and remote call answer/end.

**Sleek, lightweight** design for easy, all-day wear.

Space-saving, **optional EHS** lets you answer and end calls remotely.

(V150 with optional EHS installed)

# V150 Wireless Headset System

## Product Highlights

- 1.9 GHz DECT 6.0 gives you 300+ feet of interference-free freedom.
- Advanced noise canceling practically eliminates background noise.
- A choice of wearing styles: over-the-head, over-the-ear and behind-the-neck.
- Up to 10 hours of talk time and 120 hours of standby per charge.
- One-touch controls for volume, mute, call waiting and remote call answer/end.
- 64-bit encryption keeps conversations private.
- Optional Electronic Hook Switch Cable for remote pickup/hang-up.
- 1-year warranty.

## Optional VEHS (Electronic Hook Switch)

When you add the Electronic Hook Switch for your phone system to your V150 wireless headset system, you're free to answer calls—and end them—away from your desk. The ringtone in your headset lets you know when you have a call, and all you have to do is touch the answer button on the headset. To end the call, just touch the answer button again.

To see the latest list of VXi's EHS solutions, please go to [www.vxicorp.com/vehs](http://www.vxicorp.com/vehs).

To find the best automatic hook switch solution for your desk phone, please reference VXi's online compatibility guide at [www.vxicorp.com/compatibility\\_guide](http://www.vxicorp.com/compatibility_guide). For phones that do not support EHS, VXi offers the L50 Lifter solution to deliver remote answering functionality.
