

# JABRA PRO 900 SERIES

WIRELESS FOR EVERYONE

The Jabra Pro 900 series is a professional wireless headset designed for maximum performance. Now everyone in your office can take advantage of the added productivity and comfort that wireless convenience delivers. Simple, intuitive and high quality, all in one wireless solution.

### SIMPLE, INTUITIVE DESIGN FOR FAST USER ADOPTION

The Jabra Pro 900 series is simple to set up and features intuitive call control functions for rapid user adoption. With its adjustable ringtone volume and five different selectable ringtones, the Jabra Pro 900 series makes it easy for users to know when it's their phone ringing - and not their colleague's - which is particularly important in large scale wireless deployments.

### IMPROVES EMPLOYEE PRODUCTIVITY

The Jabra Pro 900 series puts the freedom and convenience of wireless communication in everyone's reach. You can now walk and talk up to 100 meters/300 feet away from your desk for improved collaboration, multi-tasking, and productivity.

### EASY TO DEPLOY AND MANAGE

The Jabra Pro 900 series is optimized for use with all leading desktop phone systems and Unified Communications platforms.

### FUTURE-PROOF INVESTMENT - FREE SOFTWARE UPGRADES AVAILABLE

The Jabra Pro 900 series is 100% software based, allowing you to upgrade your headset without incurring additional

The Jabra PRO™ 925 wireless headset makes it easy to handle calls from your desk phone and provides hands-free communication up to 100 meters / 300 feet. Optimized for high density office environments.

costs. The solution comes with free software that allows you to interface with a range of softphone standards via the embedded drivers as well as update your Jabra headset solution with free Value Packs and Service Packs.

### USER SAFETY AND CRYSTAL CLEAR AUDIO

For all its ease of use the Jabra Pro 900 series wireless headset is still all about audio quality and user safety. Features like Jabra's SafeTone™ technology clips off loud sounds before they can damage users' hearing and ensures workers are staying within safe average sound levels. All this with crystal clear audio, too.

**JABRA PRO 900 SERIES PRODUCT BENEFITS**

**Crystal Clear Sound**

*Digital Signal Processing for clearer sound*

Clear sound is essential for a good conversation not to mention call efficiency and accuracy. Digital Signal Processing (DSP) in Jabra audio devices will remove background noise and echo as well as protect the user against sudden high peaks in volume. Call handling time and potential misunderstandings are significantly reduced.

**HD Voice – Wideband Audio**

*High quality audio for crystal clear conversations*

Enjoy high-definition sound with HD Voice and get crystal clear, intelligible communication. You get life-like, vibrant conversations where you can focus on the content and don't have to struggle to understand what the person on the other end of the line is saying.

**Jabra Software Applications**

*Easy device configuration and softphone integration*

Customize and control your audio device settings with Jabra's software applications. You get full integration and remote call control with the latest generation of softphones.

**Noise Canceling Microphone**

*Reduces unwanted background noise*

Noise Cancelling microphones reduce unwanted background noise and are ideal in crowded and noisy, open office environments.

**PeakStop™**

*Safe sound and superior hearing protection*

PeakStop™ technology immediately removes potentially harmful loud sounds or tones before they reach your ears and keeps the sound level within the safe range to protect your hearing.

**Remote Asset Management**

*Remote mass deployment and device management*

Configure and implement the company's audio devices 100% remotely from one central point. You get the latest features and functionalities on one go with Jabra Xpress, a web-based solution. You can also get a complete overview of all Jabra audio devices installed in the IT network with Jabra Xpress' asset management component.

**Remote Call Control**

*Seamless integration between your phone and headset*

Answer and end calls on the Jabra audio device with seamless integration between your phone and headset. The remote call control gives you the power to multitask and be productive. With a Jabra wireless audio device you can control your call even when you are away from your desk.

**SafeTone™**

*Enhanced hearing protection*

Jabra SafeTone™ includes Jabra PeakStop™ and Jabra IntelliTone™, the enhanced hearing protection technology. Benefit from clear, crisp and automatic limitation of average volume exposure during your workday according to acoustic standards and regulations. A feature that offers you significant confidence, safety and comfort while enhancing the quality of your communication.

**Talk in Comfort**

*Be kind to your ears*

Assure total comfort with a wide range of styles that match your individual needs and personal fit requirements. Our light, ergonomically designed frames along with soft ear cushions, adjustable headbands and microphone boom will guarantee that your headset will be comfortable all day long.

**12-hour Battery Life**

*Talk up to 12 hours with no battery life concerns*

A wireless audio device would not be a useful tool without an incredible battery life. Even with so much performance packed into such a small space, it still lasts up to 12 hours on a single charge. So you can talk and work as long as you want.

**100 Meter/300 Feet Wireless Freedom**

*Hands-free communication up to 100 meters/300 feet*

Get wireless mobility up to 100 meters / 300 feet to fully control your Jabra hands-free solution with 2G4 technology. Answer calls, multitask and move freely around on your terms.

**JABRA PRO 935 MODELS**

**UC Plug-And-Play**

*Plug-and-play with all leading UC platforms*

Jabra devices feature intuitive call control and seamless connection to all leading UC applications and softphones. They are easy to set up and easy to use, leaving you free from any installation expertise or extensive training requirement.
