Multioutlet GFCI Protection

Tamper-resistant GFCI protection that's ideal for residential kitchens and living spaces

Wiremold® Plugmold® Multioutlet Systems are now available in a tamper-resistant GFCI version that is a great solution for adding GFCI protection to multiple outlets without having to install multiple outlets. The tamper-resistant feature also provides safety for multi-user facilities, residential living spaces and kitchens. Designed to mount on wall surfaces, the low profile, aesthetically-pleasing design is available in 3', 5' and 6' [915mm, 1.52m and1.8m] lengths in a variety of colors and finishes.

Features & Benefits:

- **Built-in GFCI protection.** Provides GFCI protection for all outlets on the Plugmold strip and all devices plugged into them. Great for residential kitchens with multiple small appliances, as well as laboratories.

- **Tamper-resistant receptacles.** Patented shutter system prevents improper insertion of foreign objects. Meets 2011 National Electrical Code® Tamper-Resistant requirements.

- **Multiple colors and finishes.** Painted finishes of black, gray, ivory, and white, as well as anodized aluminum and stainless steel versions integrate easily with any room decor.
designed to be better.™
