Equipped with waterproof marine quality, puncture resistant microphone.

This telephone does not offer user privacy.

Dims: 11 1/4" x 5 1/4" x 3"

CT-3500 Anti-Suicide

G-Tel's CT-3500 phone utilizes the shortest handset cord possible to minimize, and eliminate, the risk of hanging or suicide. The CT-3500's anti-suicide, top cord, used in high risk facilities, dramatically reduces the risk of an inmate using the handset as a weapon to harm themselves or others.

Mounts directly to the wall.

Internal lanyard inside the armored cord sheath. Tamper Resistant and Low Maintenance.

Dims: 11 1/4" x 5 1/4" x 3"

VP-3500 Visitation

The VP-3500 phone is constructed with a sealed marine quality magnetic hookswitch with no moving parts. Strong and compact small stainless steel surface mount wall phone for ring-down operation. The VP-3500 relies on external equipment to control calling.

Visitation Kits Available
