INNOMEDIA™
IP VideoPhone

Desktop Videoconferencing Over Broadband Networks

InnoMedia's IP VideoPhone is an award-winning IP-based desktop videophone that takes the hassle out of videoconferencing. This elegant, all-in-one compact system powered by InnoMedia's patented audio and video processing technology, allows for worldwide video calls.

Simply plug the InnoMedia IP VideoPhone into a quality-of-service enabled broadband IP network, configure and dial. In an instant you are enjoying high-quality, face-to-face communication.

Ideal for business communication and corporate executives, InnoMedia's IP VideoPhone integrates key features like auto-answer, speakerphone and on-screen phone book into a system that is as easy to use as a standard telephone.

- Easy to use all-in-one desktop videophone
- Uses 64 to 192Kbps IP connections
- Built-in 4" LCD screen and high-quality CCD camera
- Software upgradeable
- Network status indicator
- Supports H.323 gateway and gatekeeper
- Supports multi-party videoconferencing with external MCU

VIDEOCONFERENCING INTEROPERABILITY

Technical Specifications*

Standards Compliant
- H.323
  - Signaling: H.245/H.225.0
  - Video: H.263
  - Audio: G.723.1, G.711
- TCP/IP
- DHCP
- SNTP/NTP
- HTTP

Video
- Video Resolution
  - CIF resolution (352 x 288 pixels) at up to 15fps
  - QCIF resolution (176 x 144 pixels) at up to 30fps
- Supports network bandwidth of 64Kbps to 192Kbps

Audio
- Voice Activity Detection (VAD) with comfort noise generation
- Acoustic Echo Cancellation

Camera
- High quality CCD camera
- Adjustable focus

Display
- 4" TFT LCD display
- Adjustable angle

User Interface
- Intuitive Graphical Menu
- Features/functions accessible through special function keys

Input/Output
- Auxiliary Video In/Out: (NTSC/PAL,RCA-phono)
- Auxiliary Audio In/Out: (RCA-phono)
- RJ45 10BaseT Ethernet (Uplink)
- RJ45 10BaseT Ethernet (Downlink)
- RS232 9 Pin DIN Com Port
- DC Power Supply Input (12V 1.5 A)

Physical
- Dimensions: 8.46"W x 9.05"D x 2.36"H (215mm x 230mm x 60mm)
- Weight: 3.31 lbs (1.5kg)

Power
- Max. Power Consumption: 12V x 1.5A
- Operating Frequency: 50Hz - 60Hz

Warranty
- One Year Parts and Labor

Features

Videophone
- High frame rate up to 30 fps
- Network status indicator shows network conditions
