

HANDSET HANGERS & HOOKSWITCH ASSEMBLIES

The AT Series of handset hangers and hookswitch assemblies is designed for custom panel mounting of G" and K" type handsets in either vertical or horizontal positions. The wide variety of products offers the user

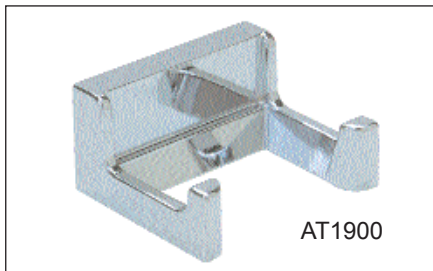

choices to suit most applications. The Universal Handset Hanger is a hanger for mounting handsets in a HORIZONTAL or VERTICAL position. See page 32 for dimensions.

AT1813-14

AT1813-C CHROME PLATED, AT1813-00 - BLACK, AT1813-14 - LIGHT GRAY HANDSET HANGER

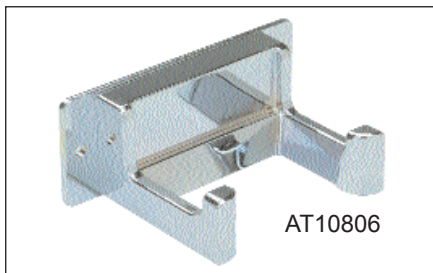

Thermol Plastic Universal Handset Hanger which permits horizontal or vertical placement of handset. Mounts from the rear.
