

## CCTV Installation Tools

### FEATURES

#### CABLE CUTTER

- Precision cutter for solid, stranded, or flexible cables
- Cuts soft copper or aluminum up to AWG 6
- Preserves cable shape for better connections

#### STRIP TOOL

- Adjustable two- or three-level stripper
- Strips outer jacket, shield braid and inner dielectric.
- Adjustable blade depth for various coaxial cable thicknesses.
- Self-regulating stripping method ensures easy, repeatable strips

#### CRIMP TOOL

- Angled head is more comfortable and easier to use
- Interchangeable die sets allow quick changes
- Ultra smooth ratcheting action
- Double plated jaw assembly
- Higher crimp force with lower hand force

#### COAX-CHECK REMOTE TESTER

- Identifies open conductor open shield/braid and shorted connections
- Easy to read PASS, OPEN and SHORT indicator LEDs
- Remote continuity tester for 50 and 75 ohm coaxial cables
- Tests remote cables installed through walls up 1000 feet (600 feet @ 75 ohm)
- Powered by a standard 9-volt battery (included)

#### KIT

- A complete CCTV installation kit
- Allows easy and precise cutting, stripping, and crimping

Sprint Products Group offers a complete array of CCTV tools and accessories.

If you need cable cutters, crimpers or remote testers we have the right tool for the job.

Our CCTV Installer Kit gathers together all of the components needed by the CCTV installer. Included are our best cutter, our best strip tool, our best crimper, and three crimping die sets stored in an easy-to-carry zippered case.

# CCTV Installation Tools Specifications

## CRIMP TOOL

Our crimper is the ultimate crimp tool for today's CCTV installer. High technology manufacturing methods combine with the latest in ergonomic design to provide a tool which is easy to use all day long, for any sized hand, giving quality crimps every time for every installer.

## CABLE CUTTER

Our cable cutter makes a clean cut without mashing or deforming the cable, so you can make fast, reliable connections every time. And the ergonomic design provides a tool which is easy to use all day long, for any sized hand.

## STRIP TOOL

Our strip tool gives every installer the ability to make perfect 2-stage strips like a pro, with no hidden cable damage and no dangerous open blades. Instructions molded into the tool and an ergonomic design ensure high quality strips every time for every installer.

## DIE SET

**RG59/6 (CATV) F Die Set (Hex .346, .315, .256)**  
Easy-change die screws make changing dies quick and easy. They are constructed of heat-treated steel for long life and interchangeable within the crimp tool family.

## DIE SET

**RG59/6/6 Quad (CATV) F Die Set & HDTV (Hex .360, .324, .068)**  
Easy-change die screws make changing dies quick and easy. They are constructed of heat-treated steel for long life and interchangeable within the crimp tool family.

## TOOL KIT

Our CCTV installer kit is the perfect tool kit for today's CCTV installer. An easy to carry **zippered case** includes our **best cutter**, our **best strip tool**, our **best crimper**, and the **three crimping die sets** to cover virtually any application.

## COAX-CHECK REMOTE TESTER

**Tests installed coaxial cables and includes BNC adapters**  
Our remote tester allows you to verify your cable installation without installing any cameras or equipment, and you can even do it single-handed! This tester is an extremely inexpensive way to save installation and troubleshooting time, and keep your install on schedule
