TERMINATION AND INSTALLATION TOOLS

Crimp Tools Hex size .255: (6.48 mm), .322" (8.2 mm)

Allen Tel Products now offers an easy-to-use hand tool that quickly cuts time and improves the assembly, installation, and removal of F-Connectors. The CT777 Tool is designed with the installer in mind. The sure grip handle fits comfortably in your hand to both install and remove connectors on the jacks as well as installing the F-Connector to the coax.
